

THE COUNTY FAIR

will open on Tuesday, October 15th, 1918

and for four days will present opportunities
for pleasure and profit.

Our Soldiers are cordially invited and will be warmly greeted. We want the occasion to meet them, personally, so come.

Good Racing by locally owned horses, driven by amateurs, will insure real races and a square deal to those who wish to back their opinions with a wager.

THE MIDWAY will give excellent shows and good music.

THE EXHIBITS will be well worth the looking over, and will show what our county is doing to feed the world.

A Silver offering is taken at the gates, its size should be five dimes, four bits, or one-half dollar.
