

OFFICERS' PAGE

(BY LIEUT. WILLIAM L. MUNSON.)

MADE MAJOR

CHIEF OF SURGICAL SERVICE
RECOGNIZED.

One of the more recent additions to the staff of majors at the base hospital is Charles A. Weyland, who received his commission on August 9, 1918.

Major Weyland, whose picture appears on the front cover this week, entered the service last March with the rank of captain. He was first sent to San Francisco, Cal., where he took a five weeks' course in fractures. After finishing his training at this place, he was ordered to Camp Kearney, Cal., remaining there from April 15 to June 16, 1918. On June 22, he was ordered to report to Camp Greene, N. C., to take charge of the surgical service. He succeeded Major Hubbard, who was then leaving.

Major Weyland's home is in San Jose, Cal., where he practiced for many years. He has one son in the army who at the present time is in the officers' training camp at Mare Island.

Captain Robert Watt, M. C., duty to hospital, September 19th, 1918.

1st. Lieut. Chas. H. Shumaker, transferred Sept. 20th to Base Hospital No. 100, Camp Sevier, Greenville, S. C.

Lieut. Stanffer is responsible for a report concerning the desposition of the dead in Alaska. The body is taken out and rolled in the snow until it is stiff and is then pounded into the ground with a mattel, he says.

NEW WARDS.

Two new wards have made their appearance at the officers' quarters, namely—Faynegling and skull druggery Fayengling is the process of percussion used when you personally obtain some desired action from your superior officer while skull druggery is the obtaining of the same object through a third person. While both words so far as known by the writer are new ones, the methods have been in use since the advent of man.

Major Adams and Capt. Ellen enjoyed a cross-country hike last Sunday afternoon. "What are the wild waves saying?" That's the question.

1st. Lieut. James R. Sparkman, joined Sept. 21st., from Spartanburg, S. C., for temp. duty. Assigned to surgical service.

Captain Frederick A. Webster was in the hospital for a day or two this week.

1st. Lieuts. Chas. F. Sharry, Alexandre Stevens, transferred Sept. 23, to Base Hospital No. 123, which is mobilizing at Camp Greene.

1st. Lieut. Hamilton C. Wallace, joined from Rockefeller Inst., Sept. 23, for temp. duty. Assigned to surgical service.

1st. Lieut. Harry L. Cooper, joined from Camp Reauregard, La., Sept. 23, for temp. duty. Assigned to medical service.

CAPTAINS TAKE NOTICE.

If you happen to be a captain and if you happen to be in a Major's office and you happen to want to get out after a little lull in the conversation, proceed thus:

"If the Captain can do nothing further for the Major, the Captain bids the Major good day and awaits the Major's further wishes." Salute and beat it. That gets them sure 'nough, that gets 'um.

1st. Lieut. Clarence M. Thomas, joined from Camp Greenleaf, Ga., Sept. 21st, for temp. duty. Assigned to surgical service.

1st. Lieut. Emmett A. Corbin, joined Sept. 23 from Denver, Colo., for temp. duty. Assigned to Medical service.

Captain Julius R. Young, transferred to Camp Crane, Allentown, Pa., Sept. 24th.

1st. Lieut. Hal O. Cowles, D. C., from leave to duty September 18th, 1918.

FINISH WALK.

The fatigue gang of the base hospital has completed the building of a short cut walk from the hospital to the car line at Liberty Park. The results of the two weeks effort will be a good walk to the car line in all kinds of weather.

The Southern Public Utilities Company will furnish several car loads of ashesh for covering the raised walk.
