

# UNDER THE CROSS AND TRIANGLE

## TWO NEW SECRETARIES.

Two new secretaries have been added to the staff at the base hospital with the coming of F. H. Rossiter of Winston-Salem, who is a new religious work director, and G. C. McIlwain of Trimble, Tenn., who will be associate religious work director. This makes three religious work directors at the hospital and they are always visiting the wards and willing at any time to be of service to the men in the hospital.

## HOLD PARTIES.

Both Knights of Columbus Buildings held Halloween Parties on Thursday evening in honor of the famous old legend. There were old fashioned games such as ducking for apples, stocking fights, and the numerous other games which make Halloween famous. Activities were under the direction of Secretary De Haven at building No. 1 and Secretary Webb at building No. 2.

Just as soon as the quarantine is lifted, the Knights of Columbus promise some real live times in this camp. In fact, every night there will be different kinds of stunts. Secretary De Haven, in charge of building No. 1, which will be the home of indoor athletics this winter, announces that the following events are to be scheduled: Basket-Ball, twice a week, movies twice a week, dancing once a week, etc. We are waiting to hear from building No. 2 in regard to their program.

Eight new secretaries were added last week to the camp working staff of the Y. M. C. A., making a total of 43 secretaries for the camp, which includes eight colored secretaries. The new secretaries are:

Rev. A. L. Ormond, Maxton, N. S., will be religious work director at Y 106.

F. E. Colville, Chattanooga, Tenn., business secretary Y 103.

G. A. Holman, Chattanooga, Tenn., social director Y 102.

J. W. Scott, Americus, Ga., physical director 104.

C. M. Williams, Chicago, Ill., camp business secretary, Headquarters Y.

D. Gillies, Pochanantas, Va., building assistant secretary Y 104.

Rev. J. C. Garth, Hickory, N. C., religious director Y 105.

F. H. Rossiter, Winston-Salem, religious director, base hospital.

G. C. McIlwain, Trimble, Tenn., associate religious director, base hospital.

With the lifting of the quarantine every Y. M. C. A. building will resume its programs in full force and make business pick up in a hurry.

## FROM LAND OF THE SKY.

Editor of The Caduceus:

I am located in the land of the sky surrounded by the Blue Ridge mountain ranges and expect soon to commence active welfare work at this place.

Our building will be completed this week and everything will be in readiness for a grand opening as soon as the quarantine is lifted. We are receiving patients daily from all camps in the States and boys from over there are commencing to pour in, too, a great many of them who were gassed in France last summer.

The K. of C.'s have erected a building at this post which will no doubt be in use for many years after the war. It is the finest building of its kind in the south; is heated by steam and is equipped in an up-to-date fashion all the way through; sealed inside with beaver-board which lends a very favorable decoration to the interior of the building.

We are about to begin circulating a camp paper here and I have lauded The Caduceus very highly. I want to take this opportunity to express my appreciation and thanks for the excellent and hearty co-operation received while at the base hospital in Camp Greene.

Wishing you success and health and with best regards to everybody,

Very sincerely,

JOE DOWNIE,

Former K. of C. Secretary at Base

Mr. William C. Ryan, a discharged soldier and formerly of Recruit Camp 4 is now located at Building No. 1. Information has been received to the effect that Secretary Ryan will proceed to Camp Wadsworth, Spartanburg, S. C., to take up his new duties as a Knights of Columbus Secretary. Here's luck to Bill, for if he is as well liked at Wadsworth as he was in this camp, there is no doubt that he will make a success of the work the Activity have in store for him.

## WANTED KAISER.

"Are you willing to go across and whip the Germans?" one of the negro recruits at the camp was asked one day last week.

"Ah don't know bout dat, boss!" answered the colored boy. "Oh thought yoh jes' wanted me to get the kaiser. Bin a hankerin' to fix that ole rat face, but does yuh mean yuh want me to lick da whole gang?"

The young negro's home board told him they were going to send him to Europe to "get the kaiser," and he went to camp with this idea.

"Ah think Ah can git away with rat face all right," he explained, "but this German army done have a powhul lot of men in -it, I hears."

## INDOOR GAMES.

Plans are being made to turn interior of Knights of Columbus building No. 1 into a basket-ball court, for the fall and winter season.

This sport is considered one of the best indoor athletic games that can be played, and it is earnestly hoped and desired that every unit in this camp will be represented by a good substantial team. Now is the time for you basket-ball enthusiasts to get on the job, especially the selected captains, to pick out your material.

The Knights of Columbus Committee on War Activities will offer a suitable prize to the winner of the series.

The series of games to be played will be under the direct supervision of Melvin W. Sheppard, Camp Athletic Director, assisted by Secretary Edward J. O'Toole, of the Knights of Columbus.

Captains of all represented teams will get in touch immediately with Secretary O'Toole, K. of C. building No. 1, for any further information in reference to entries, dates of games, etc. Soldiers, watch these columns for further announcements.

## DOES BIG WORK.

The knights of Columbus, through their representative Ralph McDermott, have done some great work at the Base and Evacuation Hospitals. There has been a wholesale distribution of fruit, candies, cigarettes, writing paper, and envelopes during the past week among the influenza patients. The secretaries are willing to do all their power to assist the boys in any way and request that if there is anything than can possibly be done to ease their suffering, that they get in touch with the Base Hospital secretary immediately, who will see that their wants are carried out.

Secretary Joseph Downie, formerly of the Base Hospital secretarial staff, is now located at the Reconstruction Hospital at Azalia, N. C., applying the policies of the Knights of Columbus to a great extent. There is an opportunity to perform some great work among the wounded soldiers and we think Joe will make good.

Rev. Martin, religious secretary for Base Hospital Y has returned from a ten day furlough spent at Louisville and other points visiting relatives and friends. Rev. Martin has been in the service of the Y six months at Camp Greene.

Secretary Jim McGrath left yesterday evening for his home in Boston, Mass., to attend the funeral of his brother-in-law, who died of influenza, and also to be at the bed-side of a sister who is suffering from the same malady.
