

WE HOPE THESE DO NOT TURN TO BOLSHEVIKISM

—Photo By Toohey.

PERSONNEL OF THE THREE HOSPITAL MESSES.

If some new ism should stampede the formation of this stalwart company of pan and plate jugglers we of the Army Base Hospital, Camp Greene, would be all out of luck. This band prepares the meals and serves the chow for the officers, the patients and the detachment mess. Captain Wilson has performed effective work in organizing the company and it is much to his credit that the hospital mess of the Camp Greene institution is one of the best in the land.

The names of those in the picture follow, beginning with the top row and reading from left to right:

OPEN NEW HOUSE.

The contemplated hostess house for colored soldiers and their friends at Camp No. 1 was successfully launched on its career the early part of the

past week and already the boys are beginning to take advantage of the opportunities offered for meeting their friends and relatives at this point.

Officials of the Y. W. C. A. spent

many hours in preparing for the opening and success rewarded them for their time and trouble. The new building is under the supervision of Mrs. Pirnie the hostess of the main house at Liberty Park.
