

## 200,000 JOBS

### SOLDIERS WILL BE SHOWN BY MOVIES.

The United States Shipping Board is prepared to offer 200,000 jobs to the men of the selective army now in camps awaiting demobilization, it is officially given out.

This arrangement is the first definite step in a big program, approved by the War Department, which paves the way for selective soldiers in the period of readjustment following their military service, to secure permanent and well-paid employment.

There are now 1,700,000 men in the 31 military camps in this country a considerable number of whom are skilled mechanics, while others are sailors or boatmen, or landmen with a liking for the sea that will make service in merchant crews agreeable to them.

Details for placing information about these jobs officially before the men in camp are provided for in the War Department's orders.

The Shipping Board will send to each camp a committee of three special agents, representing respectively its industrial relations division, the merchant marine recruiting service, and the combined employment services of the shipyards.

Each committee will be officially received, and will have an officer assigned to assist it in its work. Statements prepared by the Shipping Board's representatives will be issued in each camp under authority of the commanding officer, in forms suited to reaching all the men in the camp with the Shipping Board's message of sure jobs and good pay when the even tenor of camp routine gives way to the uncertainties of renewed civil life.

The Shipping Board's agents will also be permitted to speak to meetings of the soldiers and to exhibit at soldier gatherings motion-picture films showing the details of modern shipyard work, and various picturesque phases of sea-going in the new Merchant Marine.

### ENJOY LOCATION

#### HOSTESS HOUSE PROVES BLESSING.

The arrival of the several battalions of the army tank corps at this station and more particularly those located near Liberty Park at the old site of the 7th U. S. Infantry, has kept the Y. W. C. A. Hostess House well filled at all hours by the men of that organization who have found it an ideal place in which to spend their leisure time.

With the view toward a more prolonged stay than was at first expected they are making arrangements for various programs to be featured at that structure at future dates.

Tuesday evening and impromptu musical was held under the direction of Sgt. North and Sgt. Norton. Mr. Bellingham, the camp musical director, led an assembled chorus of about 250 voices in some of the popular songs of the day. An appropriate recitation by one of the staff of the hostess house proved of interest and a clever monologue by Sgt. North in which he demonstrated his powers as a ventriloquist was greatly appreciated. A short address by Mrs. Pirnie, the hostess followed, and the evening was brought to a very satisfactory conclusion with the serving of light refreshments to the men.
