FRIDAY NOVEMBER 2, 1923

OUR SENIOR PROJECT

As everyone knows it is the custom of the senior class to give to the high school some gift to remember them by. The class of 1922 gave a printing press, that of 1923 of library. Thus we came to the class of 1924 and the problem of what their gift shall be.

The method of choosing this gift is simple. The former senior classes have tried to meet some great need of their high school. So far this has been successfully accomplished and this year it shall also be a success because the class of 1924 intends to leave something to the school that shall last and be as a monument to their memory.

It seems as if one of the greatest needs of the school at present is a gymnasium in the building. Everyone knows that for the past three years we have had no indoor court for basketball. The one which we now have, is very inconvenient for everyone. Moreover the attendance at games would be larger if the basketball court was nearer the central part of town. This gymnasium should be furnished with all sorts of modern equipment for drills and exercises.

A gymnasium would be of mutual benefit to both the boys and girls in many ways. The pupils would develop into healthier boys and girls by taking daily exercise if only for ten or fifteen minutes.

The gymnasium would be very useful on rainy days. The girls and boys could play tennis and enjoy the privilege of doing any sort of gymnastic stunt they cared to.

The equipment of a gymnasium would be no more difficult than the equipment of a library and surely it is needed far more than anything else.

Nothing that the class of 1924 has ever attempted has been a failure—so why can this not also be a success? If the school gave the support to this project that was given last year it could not help but be a success. Let co-operation be the motto of the entire school and remember that whether you are Freshman or Senior this concerns you vitally as you are a member of the student body of the school.

—Joscelyn Burns.

HOW A PUPIL SHOULD BEHAVE IN SCHOOL

A boy or girl in his or her high school career should know how to behave in school at all times. He should be quite, obedient, and mind his teacher whether she is in the room or not.

If the boys and girls would behave and mind their teachers there would not be any use of the tardy hall. A pupil who is attentive on class gets more than the ordinary student does.

The boy or girl who respects the rules and regulations of the school, is given more privileges.

The boy or girl, who works for the good of the class and not for himself, is thought more of and always will be.

A pupil should not have to be called down, either by his teacher or his classmates at any time for speaking out without permission. will a student be when he is out in the world working for himself, if he cannot take care of himself in school?

Mr. Johnston would not have so much work to do if all the boys and girls would work together and respect the rules and regulations of the school.

—Kenneth Watson.

THE SENIOR PROJECT

The class of '24 is considering for their senior project a slide projecting machine which was demonstrated to the class Wednesday Oct. 24, by the Keystone View Co.

This machine is a great help to the class for so called visual education, but is not advisable for a senior project. Pictures shown over and over will become tiresome and the expense of securing new ones is an item to be taken into consideration. Members of the senior class do not want their project laid aside and forgotten. The future students might say, "The class of '22 gave a printing press, '23 started a library but what did '24 leave?"

The slide projecting machine can not be used in the auditorium—that is its weak point. If the class wishes why not purchase a large machine which will show moving pictures and slides, this could be used by all of the class at once and can be used for entertainment as well as educational features.

—William Munyan.

ceived a punt and dashed 35 yards through a broken field. Hedrick then chipped off 25 yards around right end. The locals were now on Burlington's 1p-yd. line. Hedrick failed to gain through the line but Fuqua plunged through for 5 yards. Warner then made 3 yards on a line buck and Fuqua barely made it a first down when he placed the ball 3 inches from Burlington's goal. On the next play Wrenn carried the ball over for the touchdown which meant victory for the locals and defeat for the visitors. Wrenn added the extra point by a kick from placement.

Although High Point won the game they were on the defensive practically throughout the entire contest. In the first half the line seemed unable to hold the heavier Burlington team. But in the second half they showed a reversal of form and played a good game.

"Dick" White again played a great game at end, making several brilliant tackles. C. Fuqua also played a good defensive game, time and again bringing his man down with a pretty tackle. Wrenn, although he was ill when he entered the game, played his best game of the season at half-back. He was forced to leave the game in the first quarter but came back in the last half and made the only touchdown of the game. Warner and Hedrick also played a good game in the backfield.

Loy was the outstanding performer for the Burlington highs. He gained almost at will through the local line.

Line-up and summary:

Table with 3 columns: Name, Position, Team. Includes players like H. P. H. S., White, Wall, Wright, Dallas, E. Fuqua, H. Ellington, J. Ellington, Hedrick, Warner, Wrenn, C. Fuqua.

Scoring—Touchdown: Wrenn. Point after touchdown: Wrenn.

First Downs: Burlington, 12; High Point, 5.

Substitutes: Warford for Wright, Gurley for Warner, Caldwell for Gurley, Culler for Caldwell, Braswell for Wall, Wright for Warford, Wall for Braswell, Wrenn for Culler.

Officials: Caldwell, referee; J. Raper, umpire; Hazelhurst, Head Linesman.

Score by quarters: High Point 0 0 0 7-7, Burlington 0 0 0 0-0

Miss Albright—Class what is a miracle?

Ward Packer—Hair on a bald head.

- Lester Ford—Morpheus.
Reuben Preddy—Morpheus second.
John Wood—"The Lover."
Aline Kaneer—"His Beloved."
Ward Packer—"The Puzzler."
Ed Hedrick—"Conceit."

"No, Sir"

Lady (coming in music store) "Do you have "Bees Knees?"

Clerk—"No, Lady, rheumatism caused me to walk like this."
