BLACK BISONS OVERWHELM SHEALY'S RAILROADERS BY SCORE OF 20 TO 0

LOCALS WIN SIXTH STRAIGHT. JUNIOR CLASS ORGANIZES

Coach Boylin's fast gridiron met and defeated the Spencer Railroaders on Welch field by the score of 20-0.

Spencer was scored on for the second time this season having won four straight games. The Black Bisons have been scored on only once in their six straight victories. They were not in danger but once or twice, then Wall saved his team mates in the first of the game by catching one of Beaver's punts which went almost to Spencer's goal line.

Gernander made the first touchdown in the first quarter, then placed kicked and made extra point. The score at the end of the first quarter was 7-0.

Both elevens battled doggedly in the second quarter with the aid of long punting and forward passes. R. Burdette failed to make a success with his forward fames while Beaver made a few excellent ones, he made one extra long forward pass and he also made the longest punt of the game which was 50 yards. This continued through the second quarter which ended 10-0 with Foust making touchdown.

In the third quarter line plunges, forward passes, and end runs were worked at with the Black Bisons succeeding as Gleason made a touchdown and the third quarter ended 20-0.

No scoring was done in the last quarter, many men being bruised slightly and several substitutes sent in.

The referee called the game off on account of darkness with only two or three minutes left to play.

Wall, local's right half, played his part of the game being the second season although he was greatly surpassed by the more experienced men like Captain Dallas, who can hardly be forced out of a game by being hurt.

The Bison's line was still in its usual form of iron. Foust, who has been out the greater part of this season, was again making his beautiful tackles, he also made gains by carrying the oval by the ends and plunges.

Captain Beaver was the outstanding Railroader with Barker as an excellent support for him.

Officials:

Referee: Johnston, Wake Forest.
Umpire: Davis, West Point. Linesman, McAskill, Davidson.

The junior class met Friday morning in the auditorium for the purpose of organizing. Miss Annie Albright called the meeting to order and explained the plan of organization. The last year's president, Clyde Allred, announced the nominating committee:

Frank Wall, Chairman, Thalia Copeland, Billie Hiatt, Ruth Russell, Lloyd Pierce, Kathleen Snyder.

This committee nominated the following for officers in the junior class:

President, Gilbert Ragan, Lloyd Pierce; vice-president, Franklin Welsh, Herbert Combs; secretary, Annie Raper, Adelaide McAnally; treasurer, Lucie Hayes, Nell Adams.

The class will meet again Wednesday morning to elect its officers, and quite a bit of interest is being shown by the members.

OAK RIDGE DEFEATS HIGH TENNIS TEAM

The high school tennis team was defeated Tuesday at the Country club for the second time this season by the Oak Ridge Institute.

Playing for the high school were: L. R. Johnston, Charles Salsbury and Jack Crowson. For Oak Ridge: King, Hackney and Cary.

In the singles L. R. Johnston defeated King in a closely contested match by the score of 8-6, 7-5. King showed himself to be a brilliant player, but Johnston was in excellent form and proved superior to his adversary.

In the second single Cary defeated Crowson by the score 8-6, 6-2. Crowson put up a good fight, but owing to lack of experience was outplayed by his opponent.

In the final singles Hackney took Salsbury into camp in a hard fought match to the tune of 6-4, 6-2. Salsbury played excellent tennis but was outclassed by the variety of his opponent's strokes and Hackney's cannon ball service.

The Oak Ridge tennis team is considered one of the best in the state, and considering this along with the fact that the high school boys have never had coaching in this particular line of athletics, they did exceedingly well. By next spring, with plenty of practice, and with the able coaching of Mr. Johnston, the high school should turn out a first class tennis team.

George Ridge noticing Mr. Owens speaking to his three year old son remarked, "Look Pach, Mr. Owens is telling his son of the English Renaissance."

BLACK BISON or CLOCKWORK

The High Gridiron is still working hard every afternoon at Welch field getting ready for the future games of the season. A citizen of High Point dropped into the office of the daily publication here and suggested to the sport editor a new name for the gridiron warriors. He wants it called the Black Bison. We have one of the best teams in the state. It does not run like Black Bison, it runs like a 21 jewel Illinois watch.

The backfield sho' do shine. They do not make better fullbacks than Tore Gernander. Joe Gleason is surely there when they call for the good quarter backs. We are not weak at half-back. From the time the game starts till the end, Reitzel Ridge, Skinny White, and Dick White are in there fighting for the honors.

Get a tractor and try to break this line. Herb Combes and Steve Ingram at ends. Big Bert Ellington and Luke Braswell take good care of the tackling. When you get through these two guards we will have your picture put in the New York Times. They are Red Warford and Ernest Fuqua. And Dallas can certainly snap that ball when the time comes.

The substitutes are always ready to fill the other man's shoes when it becomes necessary. Biase Daniels is a dandy center. Ralph Foust is an all around man in the backfield. Henry Gurley is also good in the backfield. Butler Johnson is hard to beat on the line.

Many others could be given creditable mention if the space was not limited. In fact the whole team gets a great deal of credit for its excellent work. We feel greatly the absence of Leo Method. The manager also has done good work. We wish to congratulate J. Ward Packer for his ability as a manager.

Coach Boylin has worked out a good team for the high school not to have had football for 12 years till three years ago. It must be considered that his working with a new team and not one that has been established as many other in the states.

Student coming from laboratory after examination: "Mit me, old top, I have just made a scientific achievement."

Second Student: "How is that?"

First Student: "At last I have obtained absolute zero."

Miss Brewer: "Vernon explain the verb in your sentence."

Vernon Crouch: "I can't."

Miss B.: "How did you get it then?"

Vernon C.: "I haven't the heart to tell you."
