## WILL HOLD ELECTION IN MAY TO VOTE BONDS FOR NEW HIGH SCHOOL BUILDING

### CITIZENS WILL VOTE ON \$750,000 BOND ISSUE

In May an election will be held in the city of High Point for the purpose of voting bonds for the erection of a new high school, among other things. The outcome of this election will be, or should be, of intense interest to every alumni.

If the election is carried, three quarters of a million dollars in bonds will be issued and immediate steps will be taken to construction of the finest and most up-to-date institutions in the state. The entire \$750,000 will not be required for the high school. Part of the money is to be used for the general expansion of elementary schools.

While the high school building is the outstanding need of the city educationally, other High Point schools are proving inadequate for the demands made upon them. A number of elementary buildings are crowded to overflowing, and it is believed that double shifts will be necessary in partially all of them in another year or two, unless they are amplified.

### A GREAT FUTURE IS PREDICTED FOR HIGH POINT'S ONE-YEAR COLLEGE

The High Point college opened its first time last fall with the enrollment of about 125 students. This is admitted a good start. The question now is how to make the college grow.

Every alumni of the high school should be interested in this question, because the college is a home institution and something that the citizens have been hoping for a long time.

People are dubious about sending their boys and girls to schools which have not acquired a reputation. The High Point college has been tried now and not found wanting. It ranks as an A-grade institution. In fact, one or two High Point boys who started the term in other schools, came to the local college Christmas, after they had seen that it really was holding up to a high standard.

There is a danger of an alumni association dying unless every member makes it a point to attend every banquet. There is a good number of H. P. H. S. graduates living in this city who have not attended a single alumni banquet. Make it your business to get others to attend the banquet next year.
