100 PER CENT FOR THE POINTER!

In 1921 THE POINTER was judged the best paper published by a high school in North Carolina. Nadie Cates, the Editor-in-Chief at that time, was selected as the best editor of the best paper.

When this paper was begun in 1921, it was kept up by the combined efforts of the staff and the student body. For the past few years, however, the student support has dwindled to such an extent that THE POINTER came to be wholly dependent on the literary efforts of the Staff for news or stories or humor to fill its columns. Financially it was practically dependent on the amount of advertising solicited.

This year with THE NEW POINTER, we hope to equal or even better the record made seven years ago. THE NEW POINTER is larger, and it is printed on an excellent quality of paper in type that is clear and readable. These added characteristics should be such as to induce every member of the High Point High School to want to fill its columns, and to contribute to its financial support by subscribing.

This is the last issue of THE POINTER that will be given free of charge to the student. The increased cost of publication makes this prohibitive. As Mr. Patrick announced in chapel, students may get an entire year's subscription to THE POINTER for 50c. COME ON EVERYBODY! OUR AIM IS 100 PERCENT. CAN WE DO IT?

The sale of the football tickets has, so far, been very satisfactory according to reports around the school, though no official report has been made. Six hundred tickets were distributed among the home room treasurers, and, no doubt a large number of these have been sold, and others will be, as the drive is still on. The sale of adult tickets has been gratifying. Each year a number of adult season tickets are mailed to high school patrons in the city. This plan was followed again this year, and already a good number of checks have been received.

Students, we want this sale to be more than just "satisfactory." We want every student to have a season ticket, turn out for the games, and show our team that we are behind them whole-heartedly.

Well, High Point High School is entering upon the third week of the fall term. Every one should by now be adjusted to the environment of school again. Vacations should be set aside, and every student should want to contribute to the success of this school year by earnestly going to work, being a lady or gentleman at all times, giving thought and care to the building and grounds, and have uppermost in his mind the welfare of his fellow students. When a student accomplishes this, he or she is becoming really educated.

—RAYMOND RITCHIE

This week we are sending copies of THE POINTER to alumni in the hope that they may still feel enough interest in H. P. H. S. and "find it in their hearts" to want to get the news every week from their ALMA MATER. We feel sure they are going to support us in this campaign with as much "pep" as they did when here themselves.

Wrestling is one of the best body builders in the athletic line. Besides being a good exerciser, it aids in developing speed, control, and quick thinking. What do you say, gang? Shall we accept the challenge from Durham, Winston and Greensboro?

It is hoped that the Orator's Contest among North Carolina high school and college students will interest the members of this student body sufficiently to have an excellent representation in the contest.

Since the publication of the handbook was made possible through the generosity of those who advertised, the students and their parents are urged to patronize those who patronize the high school.
