HIGH POINT ELEVEN TRIUMPHANT OVER ASHEBORO TEAM

Black Bisons Roll Up a Score of 46 to 0.

The Black Bisons took their second straight game of the season here Friday by walloping Asheboro High to the tune of a 46-0 score. It was evident from the first that High Point was playing a superior brand of ball than their opponents. High Point won the kickoff and started the scoring early by taking advantage of Asheboro's fumble, thus gaining possession of the ball. The teams lined, and with the able assistance of his teammates, Kearns star halfback, went through the line for a touchdown.

Fumbles were made on both sides but Asheboro was kept on the defensive most of the time. There was no stopping the High Point Eleven. Time after time they rushed the ball down the field for a touchdown.

"Goat" Bryant and Charlie Kearns started with three touchdowns apiece, while Homcombe dashed across the chalk line for one. Bryant hit the line for two extra points, Ingram made one, and Willard received a pass for an extra point. Hill made a pretty run for a touchdown but was offside.

The most thrilling spectacle of the game was in the last half when Kearns made a fifty-yard dash around right end for a touchdown. Toward the last Coach Marlette sent in most of the sdrub team, leaving only a few regulars on the field.

WRESTLING TO BE ADDED TO THE HIGH SCHOOL ATHLETIC PROGRAM

Plans are under way to add a new form of athletics to the activities of High Point High School, namely, a wrestling team. Several schools have requested matches with H. P. H. S. and it seems that these schools will have the opportunity of meeting a local team in the squared circle.

Many students have shown an interest in wrestling and have let it be known that they desired to come out for the team if wrestling was added to the athletic program. If enough boys desire to compete on the mat, one of the coaches will probably devote some time to working a team into shape to meet Durham, Winston, Greensboro, and other schools.

A Varied Athletic Program Offered to High School Girls

Right now is the time for every girl in the High School to begin thinking about what branch of athletics she is going to take part in. A great many athletes don't find themselves out until it is too late. Freshmen, and members of all other classes, let's begin today! Hockey and volley ball are now going on. If you don't like one, you'll be sure to like the other. This is the second year that we have had hockey in our school. Since none of the students know much about the game, all underclassmen have a good chance to make the team. And we expect to put out a team this year, too! With Miss Wilson as our coach, and with much promising material, we should have a team that will compete successfully with opposing schools. Then there will be class games for those who find themselves unable to make the varsity teams. Much interest is always created by the inter-class games. Hockey is the major fall sport, and anyone who attends as many as sixty per cent of the practices held will receive twenty points toward her high school monogram.

The other sport is volley ball. Misses Henderson, Shipman, Clinard, and Rogers will work with the students. This is a minor sport. Consequently, only ten points toward a monogram are awarded anyone attending sixty per cent of the practices.

Another fall sport that we all enjoy is hiking. This is one of the requirements for our monograms. Let's begin to hike immediately. One point is given for each mile hiked, provided that the student hikes at least three miles. Only supervised hikes are counted, Miss Younginer being the supervisor.

These sports end about the middle of November, and then comes the one big sport of the year—basket ball. Of course, we all like basket ball, and we expect to have a great number out for the team. This year Miss Henderson will be coach. She will be assisted by Misses Wilson and Rogers. Last year the Freshmen won the class championship, and this fact speaks well for a successful team this year. Monogram points are awarded for basket ball, also.

In the spring we have baseball and track. Miss Morton will probably be the track coach. With several experienced girls and with much promising new material, we should break last year's record.

Miss Wilson will again coach baseball. Last year we had about six or seven first-year students on the team. Freshmen, can you beat that?

Soccer Practice Begins This Week

Petty and Davis Will Act As Coach Hartley's Assistants

Soccer began with practice Monday, September 24, with Mr. Hartley as coach. Although soccer is a minor fall sport, it proved one of the most popular of all last year. Mr. Hartley was the coach of last year's excellent team. This year he will have Norman Petty and Marvin Davis as assistants, thus enabling each boy who turns out to have individual attention. The regular practices will be held every afternoon after school on the soccer field.

This is the fourth year of this interesting game in High Point, and each year the school is putting out faster and better teams. Last year the team made an exceptional record. Not one scheduled game was lost. Such teams as Greensboro, Winston, and Guilford were

defeated oftentimes by large scores. This year a large number of boys are expected to report for practices. Undoubtedly some excellent material will be available from these candidates, and High Point hopes to better last year's record by going far in the state championship series.

Course in Airplane Model Construction Held in Detroit Well Attended

Twenty-six vocational training instructors, Boy Scout leaders, Y. M. C. A. boys' secretaries, and others in similar work went to Detroit late in August to attend the first course in airplane model construction ever offered. The course was given, free of charge, by The American Boy Magazine, sponsor of the Airplane Model League of America. The League, in its one year of existence, has enrolled 200,000 members and enlisted the aid of hundreds of manual training teachers.

Mr. Merrill Hamburg, airplane model expert, was in charge of the course, which lasted from August 27 to September 1. The work was given at the new Jefferson Intermediate School, offered by the Detroit Board of Education through its interest in promoting model aviation work. The school has special equipment suited for the actual shop work done by the students.

The football schedule for the present season is as follows:
