

following: National Honor Society, Audubon society, Hi-Y club, Girl Reserves, Latin club, French club, Spanish club, K club, Debating club, Masquers club, Sketch club, Science club, Commercial club, Cherokee Nature club, Home Economics club, and Quill and Scroll. The Quill and Scroll is one of the most important clubs. It is a national honorary society for pupils who are outstanding in editing, writing, and business management of newspapers.

The faculty of each school seem to be very much alike, both giving long lessons, but making them interesting.

THE POINTER and BLUE AND WHITE—the Knoxville high school paper—are alike in size and arrangement. Knoxville high also published a students' handbook. The seniors published a book THE VOICE containing all school activities. This annual in many respects resembles a college year book rather than a high school publication.

Knoxville excels in scholarship, in military training, and in athletics. In 1925 it was the second best high school in the South and it probably is now.

Because of the opportunities offered in Knoxville, I was reluctant to leave. Judging, though, from the possibilities of High Point high school and grateful for the kindnesses shown to new students, I feel that I shall soon be as proud of this school as I used to be of K. H. S.—ANNA LANIER.

## \$1,000 CONTEST OPEN TO HIGH SCHOOL BOYS

The Burroughs Adding Machine Company is going to sponsor a contest which is open to boys in both High Point, and other high schools throughout the country. It is called a thousand dollar contest as that much money in 122 cash prizes will be awarded. These prizes will not be the only ones, however, for the two boys who stand highest will bring national distinction to their schools. A Burroughs portable adding machine, inscribed with the name of the boy who won it, will be presented to his school.

Full details of this interesting contest have not yet been announced, but they will appear in the October issue of the American Boy magazine.

Meanwhile, the Burroughs Adding Machine Company has issued an attractively illustrated book which traces the history of numbers and figures down through the past. The name of this booklet is "The Story of Figures" and the company will be glad to mail one free of charge to anyone who sends his name and address to Contest Judges, Burroughs Adding Machine Company, Burroughs Ave. and Second Boulevard, Detroit, Mich.

## A WATER SCORPION

The water scorpion is an aquatic insect belonging to the "bug" family. This insect is sometimes called an "electric-light bug" because it has a habit of leaving the water at night and flying around electric lights. It has semi-horny wings; that is, they are not soft and filmy as those of a grasshopper; neither are they horny and brittle as the wing-covers of a beetle. These wings are one of the characteristics which mark the water scorpion as a member of the "bug" family, or hemiptera. Another characteristic which marks this "bug" is its beak, or proboscis, which is as tough and springy as a blade of Damascus steel, and as deadly to other insects, as a poisoned spear would be to a man.

The adult water scorpion is not less than two inches in length. Attached to its abdomen are four legs with which it propels itself through the water. The two remaining clawlike limbs greatly resemble the outstretched arms of a human being. It is with these that the scorpion captures its prey.

—PHILIP CARPENTER

## POINTERS TIE SCORE WITH SALSBURY FRIDAY

The Black Bisons tied the fast Salisbury team in a hard fought battle at Salisbury Friday afternoon, the score being 12 and 12. High Point had a strong defence line but Salisbury let loose with an aerial attack for several nice gains. Hill and Hinkle scored touchdowns for High Point with Saleeby and Goodman making Salisbury scores.

Neither team seemed to be able to score in the second quarter when Salisbury started a passing attack and Saleeby received one to run twenty yards for a touchdown the kick for extra point failed.

Salisbury took possession of the ball in the second half and attempted to kick but High Point blocked the attempt and Coltrane grabbed the ball. Hinkle then took a pass for twenty yards to score High Point's first touchdown.

In the last quarter High Point started a steady march up to field. Bryant bucked the line twice for a gain of twenty yards, Kearns circled right end for thirty and "Pap" Hill went around left end for the touchdown. Salisbury came back with another aerial attack and made three successful passes for Goodman to make a touchdown. Neither team was able to score after that and the whistle soon blew ending the game.

High Point	Salisbury

Officials: Referee, Black, (Davidson); Umpire, Fail, (Davidson); Head linesman, White, (Catawba).

Substitutions: Kearns for Hill, Holcombe for Curlee, Conrane for Bulla, Apple for Stone, and Hill for Thomas. For Salisbury: E. Saleeby for Julian, Ridenhour for Edwards, Shuping for Barnhardt, Ridenhour for Hamilton.

Scoring touchdowns: Hill, Hinkle, Saleeby and Goodman.

## RESERVE POINTERS WIN FROM TRINITY THURS.

The Black Bisons, Junior, took a well played football game Thursday, October 11, from Trinity High eleven by the score of 27 to 18. Trinity made all their scores in the last quarter. Sizemore led the scoring for High Point with two touchdowns, while Hubbard and Morton made one apiece. For Trinity, Payne made two and Craven one.

High Point made a touchdown in short order following the kickoff. With nice gains by Hubbard and Morton the ball was soon within striking distance and Sizemore went through the line for a touchdown. The pass for extra point failed.

In the second quarter High Point rushed the ball within ten yards of the goal line but lost the ball on downs. Trinity kicked and again the ball was carried down the field for Hubbard to make a touchdown. Sizemore went through the line for the extra point.

High Point scored again in the second half when Morton intercepted a pass to dash around right end 60 yards for a touchdown. Sizemore again bucked the line for the extra point. A few minutes later Sizemore scored the last

touchdown in his usual line bucking style and Copeland received a pass for the extra point.

In the last quarter Payne took High Point's kick and ran eighty yards around right end for a touchdown. The try for the extra point failed. High Point kicked off and again Payne grabbed a pass for another long run around right end and his second touchdown. Trinity kicked off and a moment later Craven intercepted a pass for a sixty-yard dash around right end for the last touchdown. Both tries for the extra point on Trinity's second and third touchdown failed.

High Point: Coonor for Hubbard, Jeffers for Steed, Lamberth for McLaurin, Bain for Andrews, Reed for Shelton, Shipman for Dallas, Coltrane for Morton, Poston for Lamberth, Clinard for Coltrane, Dallas for Shipman.

## NEW UNIFORMS USED IN BOYS GYM CLASSES

Tumblers Club for Acrobats Is Supervised By Mr. Ellington

Boys who are taking gymnastic work this year are required to wear a school uniform. The jerseys are white and the pants are blue with a white strip down the side. The boys are required to take a shower after their period of physical education. Towels are furnished for the very small sum of fifty cents a semester.

Mr. Spencer, head of the boys' gymnasium work, stated that there are nine different sections taking "gym." The sections number from twenty-five to fifty boys, and each section is divided into four groups. A boy is chosen as "Squad Leader" of each group. The Freshman and Sophomore boys meet in the "gym" two periods a week.

The boys are now practising on soccer and tag football. Later in the season games will be played between the classes. Each Freshman class will play every other Freshman class, and the Sophomore classes will follow the same policy. At the conclusion of the games the winning Sophomore section will clash with the victorious Freshman section for the championship.

Another phase of the athletic work is the tumbling club which is being supervised by James Ellington. The tumbling club is for those who are interested in acrobatics. The club has ordered books on tumbling which will help the members very much. The boys are now studying the theory of tumbling and nationally known tumblers. Some of the feats the boys are learning are: cart-wheels, part flips, hand springs, hand stands, and snap-ups.

Children can fool the parents but the parents can't fool the children.

If a speculation shows a profit it is known as an investment.

Faithfulness to a few things renders us master of many things.

## H. P. College Senior Class Contains Large Number H. S. Graduates of 1925

Many Have Won Distinction in Several College Activities. Two Plan to Continue Studies Elsewhere

Each year finds many former students of High Point high school in the graduating classes of colleges all over the state. Fifteen of the thirty-six members of this year's senior class of High Point college were graduated from High Point high school in 1925.

The winning of a degree is in itself a notable achievement; but some of these young men and women have, during their four years, added glory to glory by winning honors in such fields as oratory, journalism, music, and art.

Antonios Antonakos has been associated with both college publications as business manager of the Hi-Po, and editor-in-chief of the Zenith in '28. He was president of the Aesculapins and was awarded the scholarship given by the business men's club to the most promising junior.

His brother, Theodore Antonakos, likewise was connected with the publications as business manager of the '27 Hi-Po and of the '28 Zenith. Both the Antonakos brothers are planning to continue their medical studies.

Margaret Davis has displayed her business ability as treasurer of the junior class and secretary of the Day-Student Council. Two have achieved notably in public speaking, Claire Douglas as an inter-society and an intercollegiate debater; and Keith Harrison, winner of the state oratorical contest in '27 and an intercollegiate orator at Elon in '28. In addition Claire was president of the Forensic Council and is at present president of the Day-Student Council. Keith Harrison also was class treasurer in '27, chief marshal in '28, and at present holds the office of president of the senior class.

Dorothy Hoskins who makes music her specialty, was manager of the Aeolian Choir of '26. She is now president of the Nikauthan Literary Society and the Pan-Hellenic Council. Margaret Gurley, being skilled in the use of pen and brush, was art editor of the '27 and '28 Zenith. She is vice president of the senior class.

Edwin Hedrick, of a more athletic turn, was manager of the football team in '26, and captain of the baseball team in '28. He was also president of his class in '27.

The other seniors who were former H. P. H. S. students are Helen Barker, Elder Clark, Irene and Inez Reynolds, Graydon Ring, and Lois Smith, all candidates for the degree of A. B.

## MR. ANDREWS STRESSES NECESSITY FOR VISION

(Continued from Page 1)

prise. He overcame seemingly insurmountable obstacles and accomplished what had been called impossible. The speaker went on to say that although Americus Vespucius named this continent after himself and said nothing on his map of Columbus, only students of history know of the origin of the name of the continent, but every one knows who Christopher Columbus was and what he did.

Mr. Andrews concluded his talk by reading a beautiful tribute to Columbus taken from Carlyle's "Essay on Labor."

## GIRL RESERVE CLUB HAS MEETING THURSDAY

The girl reserve club held its regular weekly meeting Thursday morning. Margaret Andrews had charge of the devotional, after which the club dues were collected. The following officers were elected: Violet Weaver, membership chairman; Adele Hicks, program chairman; Genevieve Sheetz, social chairman; Mary Elizabeth Harlee, service chairman. They then chose members for their committees.

Miss Vivian Matson, Y. W. C. A. secretary, made a short talk to the girls, after which each girl introduced herself.

## POLITICAL CAMPAIGN IS FURTHERED BY USE OF BULLETIN BOARDS

The bulletin boards in both Miss Lindsay's and Miss Clinard's rooms are being utilized in the political campaign now being waged by the classes in senior history. The boards have been divided equally, thus allowing both parties fair chance for publicity.

In Miss Lindsay's room, large pictures of the presidential and vice-presidential candidates hold the center of attention on their particular boards. Some pictures of leading political men of both parties have been posted also. Grouped around these are clippings from newspapers and magazines.

A cartoon of the Republican elephant, drawn by a student, holds a conspicuous place among the Republican candidates.

At the close of the contest held in Room 106, the judges decided in favor of the Republican board.

On Miss Clinard's bulletin board, there are several poems written by her students and a large picture of Governor Smith, drawn by a girl of her class.

Both history teachers are gratified at the interest displayed by the students and feel that the pupils have been greatly benefited by it.

## SOPHOMORE OFFICERS ARE NOMINATED MONDAY

A committee of sophomores met Monday afternoon to make nominations for sophomore class officers. The following slate was prepared: President: Jane Hess Weaver, Frank Sizemore, Gilbert Clinard. Vice President: Ruth Poole, Mildred Stewart, Gateward Shipman. Secretary Treasurer: Marie Payne, Helen Marshall, Alton Spillman. Cheer Leader: Robert Baird, Emma Carr Bevins, Ted Thomas, Lucille Clodfelter.

The committee was composed of Howard Kelly, Edgar Snider, Sarah Denny, Virginia Perdue, Lindsay Caldwell, John Payne, Reitzel Coltrane, Annabel Sowers.

## OVER A HUNDRED TRY FOR BLUE DIAMONDS

Judging from the number reporting for try-outs for "Blue Diamonds" about a hundred students seem to think that they can act well enough to be starred in the Dramatic Club's main attraction.

Mr. Marshall gave an idea of what was to be expected of the applicants. The attention was mainly divided between the "screaming" maid, the "brutal" Mrs. Franklin, the "beautiful" heroine, and the "handsome" hero. Tryouts for the "hen-pecked" husband will be conducted Monday.

The talent shown seemed to be of very good order, and judging from tryouts "Blue Diamonds" will be a big success.

Twenty-six out of the one hundred applicants have been chosen for the second try-outs, which are going to be held Monday afternoon.

## H. S. PARENT-TEACHER ASSOCIATION MEETS

Mrs. J. W. Clinard was elected president of the high school parent-teacher association at its first meeting on Thursday, October 11, in the high school library.

The program for this meeting centered around the value derived from school activities other than regular class room work. Mr. Johnston discussed the benefits of the clubs, and assembly programs. Miss Anne Albright told of the work being done in the home room and of the plans for home room programs now being made by a committee of teachers. The work of the student council was then taken up by Miss May Meador.

Mrs. C. F. Tomlinson discussed the parent's appreciation of these activities.

Fortunate is the man who thinks pretty well of himself—and who doesn't?

Experience in managing men doesn't seem to count for much in the art of managing women.
