

DOOMED BATTALION TO SHOW NEXT WEEK

"The Doomed Battalion" will be shown in the Auditorium on next Wednesday and Thursday mornings. This is the first Universal picture to be shown in the High Point School.

The picture is being shown by grant of a special approval by the Universal company. Mr. Thomas R. Baldwin stated that a considerable amount of effort and a lengthy period of time were necessary in securing the special arrangement. At the present time, negotiations are being carried on with Paramount Pictures, Inc. so that the school can also use their pictures.

Mr. Baldwin explained that pictures from these two companies will not only afford a better type of picture but also will mean the securing of more recent pictures.

BOYS COOK WHILE THE GIRLS BUILD

The chief aim of the boys Home Economics is "What a Boy Should Know To Be Strong, Healthy, and Popular." Other things they are striving for are: the ability to choose proper foods, how to acquire correct posture, and good health. Some of the things the Home Economics class boys have been doing are: making butcher aprons, preparing breakfasts, marketing, planning of a diet, and balancing expenses.

The girls have been learning the arts of mechanical appliances, leather work, tin can craft, clay work, weaving, woodwork, and electrical appliances. Their aim is "To make the Girl Better Acquainted with Mechanical Activities and Repairing Materials of the Home."

SPORTS TO DATE

(Continued from page 3) boys will probably be a little too egotistical, I think they will defeat this fighting team from Gastonia, by the score of 20 to 0. With that trigger armed Hucks throwing that pigskin, and that little, but mighty, Sinclair Horney on the receiving end, I don't see how the Green Wave can survive even the first quarter!

By the way—there is a man on the Bison's "miracle" team that hasn't received much attention this year—so—tonight keep your fieldglasses turned in the direction of number 13, one of the best quick-kickers in the state. This little man—for he doesn't weigh but a hundred thirty-five pounds in his uniform, wringing wet, is also a fine runner, and—did he show his ability to receive a pass in the Char-game? I'll say he did—He is Sinclair Horney.

Well every one show his appreciation of what the coaches have done for this fine Bison football team, and turn out for **HOMECOMING GAME TONIGHT!**

SOCCER TEAM BEAT BY LEWISVILLE, 5-0

The Black Bison soccer team was led a merry chase yesterday by the Lewisville soccer team when they were defeated 5-0.

Details of the game could not be learned last night. However, this was the first game in the elimination games for State championship. The Lewisville victory means that the High Point team is out of the running for the state championship.

THREE CONTESTS FOR NATIONAL BOOK WEEK

(Continued from page 1) a third contest which may be considered rather difficult. A castle is placed in one corner of a table, and famous characters cut from book jackets are placed along the path leading to the castle. The figures will be numbered, and the contestants will guess which book each represents.

In addition to the three contests there will be a display of old and new books. Parents have been requested to send old copies of books which will be contrasted with the new to show the advancement in literature.

For each contest there is to be a first and second prize with a possibility of a third. The prizes this year will probably be given in money.

The football game with Gastonia will begin at 8 O'clock at the Albion Millis Stadium, just in back of High Point College.

During the half the High School Band will march and play. Students are asked to remain in the stadium until the game is over.

WMFR INSTALLS REMOTE LINE TO AUDITORIUM

(Continued From Page One) teen minutes and will do so throughout the year. The club did not broadcast last night because of a special program.

Mr. Carter asks that students be aware of the fact that their voices go over the air when the line is connected. Since this is true, students should consider the goodwill of the broadcasting company in permitting the use of the station and spare any embarrassment that might come from over enthusiastic students.
