## Bison Baseballers Journey To Burlington For Contest

The black Bison baseball team tangles with the Bulldogs of Burlington. The Bison will close their season Tuesday afternoon when they engage North high of Winston on the local field.

In this afternoon's engagement, Coach Scott will send to the mound either Jack Hussey, the big right hander, or "Bus" Overcash, a lefthander. If Hussey gets the call, he will depend upon his fast ball and wide breaking curve and a change of pace to stop the opposing hitters. Should Overcash be the choice, he will depend upon speed and control to carry him through the route.

Several changes in the infield will probably be made in order to get a tighter inner defense. These changes will include the sending of Bill Lackey to first, the shifting of Lewis Hayworth from second to third and replacing at second with his brother Jim. Captain Brantley Hucks will be at short, while the catching will be taken care by "Fat" Land.

The outfield will be James Kivett in right, Clyde Hedrick in center, and either Hussey or Overcash in left, depending upon which one is the pitching choice.

### SPORTS TO DATE

By Bus Overcash

Well—now that this is the last issue of the Pointer—this ole journalist and sports writer (if that is what describes me, if not, supply your own description) will venture forth from his place of hibernation and try to again write a sports column. Having discontinued the column for a number of issues, I am now afraid that the "brain" that lies in my cranium, is now rusty.

Here we go into the work that has for the past three years been a desire to many uprising columnists—to strive to write a column as condensed and as well as Eddie Breitz.

Sports, up to date, have been fairly successful; football and basketball being the major winter sports, and I can truthfully say, very successful in their competition, have closed their activities until the reunion of the fellows on the days set aside for their first practice. Soccer and Wrestling, fared well in their competition. The baseball team track team, tennis squad, and the golf team have not won as many games and meets as they expected, but have been fairing well in their tough schedules.

Although the swimmers of the local institution for higher learning have not had at their convenience a swimming team, they entered in the state meet at Chapel Hill.

Everyone expects to read a good article from the graduating seniors and the subscribers should, for after all, this is the last article that they will write for their dear ole alma mater, and they should strive for their best. So don't be expecting too much from me—for I'm no graduating Senior. Although this is the fifth year of "study" in this school for your sports writer, the school doesn't seem to be able to function next year without me—so I again enter as a Senior—and I hope by the end of next year, someone will venture to give their services to the "larning house on Jones and Chestnut Streets," so that I might be able to seek entrance into a "bug house" or

Well—until next year, I say—good-bye, girls.

## Black Bisons To Compete In Annual Civitan Meet

The Bison track men are competing in the Seventeenth Annual Civitan Relays track and field meet which is being held today in the Memorial Stadium in Greensboro.

Captain Bob Truesdell, in spite of his broken arm, will be leading the team once more, broad jumping for his first time this year in a highly competitive meet and continuing to throw the javelin which he has been doing all year. Emerson Gray, high scorer for the team this season, is rounding into shape for his much loved high jump, and who has been running excellently in the two dashes this year, will continue his conquest in the dashing events. Emerson will have a record to protect in the high jump. W. H. (Swift) Davis has shown that he is the most improved man on the team and is favored to win or at least place in the 880 yard run. Thurman Horney will probably do well in the 440 yard dash and the relay. Johnny Jones is out to draw blood in the hurdles, for his ankle is almost well. James (Pete) McGhee star miler and incidentally one who has got the stuff it takes to place in this last big meet of this sea-

son. Other members who stand a chance to place in this meet are J. R. Newton, in the dashes; Jim Saunders, pole vault and javelin; Bill Craven, low hurdles and broad jump; and R. B. Sossoman, 440 and broad jump.

Next year's varsity cheerleaders will be chosen May 12.

These will be selected from the approximately thirty members of the cheerleader's club.

At this time letters will be awarded for golf, tennis, baseball swimming, and track. Letters for girls' sports will also be given.

This will be the last regular chapel program of this school year.

"Abie" Short and Bill Simmons are representing the high school at the annual meeting of Monogram Clubs of North Carolina today.

The meeting is being sponsored by the University of North Carolina. This is the second meeting of this kind to be held.
