Yellow Jackets

# Bi-Weekly Bison Sports

Swat the  
Yellow Jackets

## SPORTS TO DATE By Bus Overcash

Now that the Pointer is back into circulation—this ole prognosticator will again attempt to enlighten you on the sports program of this dear ole institution for higher learning.

As you all know—the Black Bison will tangle with the Yellow-Jackets from Salisbury tonight at Millis Stadium at eight o'clock. The Bison will be striving to start the record of their conference slate in the winning column—after playing their first conference encounter to a 0-0 tie with Greensboro.

The question that is now arising in this feeble mind of mine is—Will the entire student body turn out for the parade to be held this afternoon—and will they turn out for the game tonight?

Some players, in my estimation should have been getting more headlines in papers and who have not received such are: Little "Stonewall" Hayworth, diminutive guard, who tips the scales at 127. Do you sports followers remember the fine exhibition of playing ability and intestinal fortitude that little "Jim" showed in the Greensboro fracas? I'm sure you would agree with me that he deserved more recognition than he has received, if you knew that this midget had to take care of an opposing tackle that weighed in the neighborhood of 230 pounds. Another fellow who has not been mentioned enough is James Kivett, dependable and ever improving end. Although Kivett has not been on the receiving end of the passes as he was expected to be, he has been playing an excellent brand of ball out on the flank.

So until the next issue of this paper, this ever-thinking sports writer has but one thing to say—Go out tonight and back those Bison!!!

## Bison and Jackets Clash Tonight

### EVER DEPENDABLE

Jack Hussey, the big end, is one of the main cogs on defense and a dangerous receiver on offense.

### Bison Humbled By Fighting Indians

Last week the pride of High Point high bowed in a close contest to the Lexington Indians. The Tribe boasted one of the hardest charging lines and one of the flashiest backfields that the Bison have met this year. The winning touchdown was scored when the Indians took advantage of the fact that the Bison were slightly weak in pass defense and completed one down on the Bison twelve and Shoe Carleton took it over for the score.

The Bison running attack was sparked by the triple threat, Captain Brantley Hucks is one of the big guns in the Bison attack so far this year. Probably the locals will take to the air again and the fans will again have the opportunity of seeing Captain Hucks in action as the pass chucker. Big Jack Hussey will be in rare form if his actions in practice means anything.

Last week Hucks regular outstanding game was supplemented by his beautiful interception of a Lexington pass and running sixty yards to the Tribe's five yard line.

### MISS E. BALLANTINE TO SPONSOR CLUB

(Continued from page 1) Ballantine has also studied at Teachers College at the University of New York and at the American Summer School at Oxford. This is her first time as a teacher in North Carolina.

The initial meeting of the Beta Club will be held about the first of November, stated Miss Ballantine, at which meeting the constitution and the national objective will be discussed.

### STUDENTS RESPOND TO DRIVE, NOVEL PROGRAM

(Continued from page 1) Students expressed the feeling of student body for THE POINTER. Placards bearing the inscription: "I Subscribe to THE POINTER" were carried up and down the aisles by members of the student body.

Mavis Walker announced that the rates for the year would be two cents per copy. The pupils returned to their home rooms where each subscriber was given a miniature POINTER to wear.

### BLUE AND WHITE SET FOR TONIGHT'S IMPORTANT CONFERENCE BATTLE

Scottmen Are At Full Power For Clash

A gala day of homecoming for High Point high will be climaxed tonight as the Black Bison clash with the stinging Yellow Jackets from Salisbury.

The Bison have had one of the hardest weeks of preparation of the year in preparation of this game. It is a most important contest both because the locals desire to set up a good record for the homecoming crowd and because it may have a great deal of bearing on who will win Western Conference Honors this year. The Whirlwind of Greensboro is now on top of the heap with one win, no defeats, and one tie. The Bison are second with no wins, no losses and one tie. Tonight will determine whether the Bison will be in for the championship race or not.

As to physical condition the Bison have never been better, and the spirit of the team is great. They expect a win that will put them up among the leaders in Conference Competition and also put them in one of the high ranking Berths in state rating.

### BISON SOCCER SQUAD SUFFERS TWO DEFEATS

The Black Bison soccer eleven after starting the season with a bang and trimming down their first two opponents in two straight games by decisive scores, seem to have suffered a little relapse last week when they dropped two games straight.

After the two wins at the first of the season the Bison met and bowed before the Allen Jay aggregation which they had formerly beaten in the seasons opener. Then in their next encounter the Highs were soundly whipped by the old vaunted rival Jamestown by a score of 4-1.

All these games are Guilford County League games and have a definite effect on the standing that each team is to have in the league. The locals hope to, and are expected to break their losing streak when they next go onto the field of conquest.

Last Friday in room 314, after a heated and contested battle, Larry Hodgkin nosed out Johnny Swigget for president of the homeroom. Swigget was automatically made vice-president. Carl Bailey was elected secretary and treasurer, and Bessie Lee Creech was elected cheerleader.

DAVE YOW

Strong For the

BISON

Win or Lose

### HEAVY LINE BUSTER

Thurman Horney, the crushing fullback who is known for his terrific tackling and line plunging.

### Bisonettes Bow To Gr'boro Reserves

The Baby Black Bison remain undefeated in high school midget football competition in spite of the fact that they were defeated by the reserves of the Purple Whirlwind of Greensboro Wednesday.

The little Bison were pinch hitting for the Big Bison reserves who were not allowed to play because of the danger of injury before the important Salisbury conference clash here tonight.

Coach Cernugel has stressed offensive tactics and a strong defense has been developed to back up the big push of the locals. The little Bison have had a most successful season, so far. They opened their playing schedule against a husky bunch of scrappers and the Baby Bison ran rough shod over them 19-0.

### FOLLOWING BISON ATHLETES

Dick Meiskey, quarterback on the Bison '36 football team, is now holding down the same job for the Presbyterian team of South Carolina. Meiskey is also a member of the varsity basketball team.

Lloyd Evans, popular member of the same '36 football eleven, and also an active member of the basketball and wrestling teams, is now playing on the same P. C. team as an end.

Bill Wagner, captain of last year's football team is attending Furman University, the alma mater of Coach Scott, and is running first string guard on the freshman eleven.

Harry Welch, former member of the High Point high school, is attending Duke University, where he has taken part in football for the past two years. Welch, who was expected to show much improvement this season, has been kept out of practice with a dislocated shoulder.
