

JUST FOR YOU

(By Fred Flagler)

Thursday, 12:00 o'clock midnight.—Through toil and sweat we are gradually getting out your paper *The Pointer*...minus about a thousand words that we can't get anybody to take the blame for, I am going to try to give you a summary of last night's war at Edgar Snider's print shop.

First, we, that is John Haworth, Gilbert Furgurson and myself and I must not leave out Dick Ring, sat around and waited for the page proofs. After the page proofs arrived...things began to happen... errors... what the blank is the matter with the linotypist... we finally made the corrections on the great six page sheet and what happens... we print about 500 copies and we find another error... here we go to the coin flipping department. There is no need telling you the results.

Then comes the front page, our able compositor, Edgar Snider, tells us we have several empty spaces on the front page. Here we go again... the typewriter just caught on fire but my Pepsi-Cola fell over and saved the night.

I am exhausted just for you flop.

High Schoolers In Rotary Show

High Point High School was well represented at the recent Rotary Club show at Junior High with a good thirty students participating.

The show this year featured a novel opening, the curtain appearing to go up during the last dress rehearsal with stagehands, chorus girls and prop men trying to do their work over the din of the dancers and director.

During the first act a series of skits were presented with intermission coming about nine-thirty. The scene of the second act was a night club with blackface minstrels as waiters. The grand finale came with the singing of the "Star Spangled Banner."

High school students participating were as follows: Barbara Lynn, Marguerite Murray, Nancy Woolen, "Wink" Wall, Nancy Bennett, Barbara Brazington, Jane Baucom, Mary Caroline Simmons, Jane Ferree, Eleanor Younts, Rebekah Conrad, Bob Gayle, Bob Hicks, the Jarrell twins, Arnold Koonce, "Monk" Watkins and Bob Cottah.

Boys helping backstage were also high school students.
