

Sports Streamers

Paul Tysinger, the pitcher from Allen Jay, already has two no hit no run games to his credit thus far in the high school season. Bye the Bye he was out for baseball here last year if my memory serves me correctly. He would have made a welcome addition to the weak Bison hurling corps.

The baseball game at Gastonia was the first ever played under the lights for the local baseball team.

There is much speculation going on about the school concerning who will be chosen as head football coach at U. N. C. next year. Never fear it will be a good man as always.

No sooner does baseball start before a certain "PeeWee" Drs. . . . begins his yearly practice of picking the daily games and losing his hat.

This column's predictions for the American and National League races are as follows: In the National, St. Louis followed by Cincinnati, Brooklyn and Pittsburgh in that order.

In the junior circuit, the New York Yankees, Boston, Chicago and St. Louis.

There probably will be fewer track letters given this year at High Point high school than in any previous years. The reason? Five individual points are necessary before a track man can secure a letter and thus far only around 39 points have been scored and these are scattered mostly between three players.

Girls Participate In Various Sports

Feminine participation in athletics is high at the present time. Golf, tennis, and softball, along with a thorough course in first aid seem to be the main items concerning the girls.

For the first time in HPHS history there is a girl's golf team here. Members of the team are: Marjorie Merrilees, Nancy Woolen, Jean Hardin, and Shirley Redding. The team has played one game with Greensboro, but on account of rain, play was discontinued after nine holes. A return match is expected, however. Members of the Greensboro team are Marjorie Burns, 1940 state champion. . . . Mary Lynn Lewis, Betty Jane Ross, and Muriel Gilie.

Tennis is on the upgrade since new courts have been built, and many girls practice every afternoon. Later in the season a tennis tournament will be started.

Throughout the year homerooms have been compiling scores in the various tournaments—soccer, basketball, and volleyball. Room 311 was winner in the volley ball tournament, but room 104 has the highest score for all the tournaments to date. Softball and tennis scores will be added to determine the winner for the entire year. Homerooms and scores to date are as follows:

Central High Cindermen Win Loop Track Meet

Triumphant for the third consecutive year in the Western Conference Track and Field meet, the Central High Wildcats of Charlotte chalked up another win to the tune of 75 1-2 points last Friday afternoon. 54 1-2 points assured Reynolds High of an easy second placement, while Salisbury copped 15 points for third, leaving High Point last with 11 1-2 points.

By pulling six first placements out of the bag and tying for first in two others, the Mecklenburg crew added an eighth victory to their seven other victories in 11 years of contesting.

Five old records gave way to new record breakers. Julian McKenzie, long-distance runner for Salisbury, set a new record for the mile by knocking 3.7 seconds off the old, held by Vawter of Reynolds, ending up his last lap in 4:40.

Another of the five was the mile relay which was run in 1939 by a Winston-Salem team in 3:39.6. This year's Charlotte team, composed of Dean, Reid, Payne, and Bob Simmons, cut the time to 3:38.4; 1.2 off the old record.

Tommy Carpenter of Reynolds broke the broad-jump record (21-4 1-2) by 1 1-2 inches (21-5 3-4). Afterward, he came back to tie for first in the high-jump.

Wheeler and Simmons also broke old records in the low hurdles and the 440 yard dash. David Barker scored first in the discus throw, which kept High Point in third place until near the end of the meet.

Bison Seek Revenge Over Arch Baseball Rivals Here Today

Bison Tennis Team Still Try For First Win

Although winner of not a single tennis meet this year, the 1942 Bison tennis team has shown signs of spark and vim that foreshadow teams of future greatness.

The team is composed of Arnold Koonce, Tom Tabor, Bob Cottam, Clinard Burton, David Lindsay, Harold Hutchinson, Bob Hicks, Warner Lewis, Robert Russell, and Stan Saunders.

The racket wielders have lost to Reynolds 9-0 and to Burlington 4-3, and also to Greensboro. Their most recent defeat was at the hands of Gray high by the

Arch-rivals Greensboro and High Point high schools lock horns on the local diamond this afternoon at 4:00, as Whirlwinds seek to clinch the Western Conference championship and the Black Bison go after revenge for a 0-9 defeat handed them earlier in the season by the Gate City crew.

close score of 5-4.

Most points have been scored by the doubles teams. Many matches have been lost through the inability of High Point to win singles matches. The most consistent single players are Arnold Koonce and Tom "Slim Jim" Tabor.

With the addition of the new tennis courts and the better chance for practice the tennis teams in the future should improve vastly over the teams in the past.

Coach Stanly Johnson of the invading nine will probably start his ace right-hander, Skinny Brown, who in one previous start against the locals twirled a three-hit shut-out while Coach Tony Simeon will retaliate by sending Jimmy Foxworth to the rubber.

Should the Bison accomplish the unexpected by downing Greensboro this afternoon, Gate City championship hopes would take a decided fall, as the Whirlwinds are now locked in a first place tie with Gastonia's diamond squad.

Greensboro, however, is odds-on favorite to again top Coach Simeon's outfit, and should be a hard aggregation to stop as the pennant race reaches the home stretch.

Both teams will be in top condition for the contest today, and lineups will include all regulars. Only absentee from the previous contest, Gate City Outfielder Garland Wolfe, out with foot injuries, will be back in condition for the big game.

Probable starting lineups:

Greensboro	High Point
Adyette, cf	Hoover, c
Newell, 2b	Kennedy, rf
Pibbs, ss	Rothrock, 3b
Brown, p	Walker, ss
Hobbs, 1b	Foxworth,
Albright, lf	Crowder, 1b
Wolfe, rf	Hedrick, lf
Fulton, 3b	Pugh, 2b
Sewell, c	Auman, cf

LINKSMEN BURN UP COURSE LED BY DUNKELBERGER

Led by little Donald Dunkelberger the Bison golf team has been burning up the links. They have won every dual meet so far this year by overwhelming scores.

Also playing brilliant golf, Wayne Davis, lanky number two man, "Monk" Watkins, and Ben Cooper have lost only a few points to some of the better golf teams of the state.

In dual meets thus far, the Bison golf team has defeated Greensboro to , Gray of Winston-Salem 16 1-2 to 1 1-2 and 18 to 0, Burlington 15 to 3.

With a total of six hundred and ten, the Bison finished third in the annual state meet held at Chapel Hill on April 22. Finishing ahead of the local team were Raleigh with six hundred and five and Charlotte with six hundred and six.

The play for individual honors was as spirited as was the team play. Tommy Reaves of Raleigh nosed out Dunkelberger for first

place with a brilliant total of one hundred and thirty-eight. Coming in just behind Reaves and Dunkelberger was Davis with a hundred and forty-seven and Watkins with a hundred-forty-nine.

There are seven dual meets left on the schedule this season. These are:

- May 1—Salisbury, here
- May 5—Burlington, here.
- May 8—Charlotte, here, pending
- May 12—Reynolds, here.
- May 14—Salisbury, there.
- MMay 15—Charlotte, there, pending.
- May 19—Greensboro, there.

Girls Intramural Progress Rapidly

Girls intramural sports are progressing rapidly. The soccer, basketball, and volley ball tournaments have recently been completed with the following rooms coming out in the lead:

Home Room 104 was victorious in the soccer games, with rooms 202, 206, 301, 315 and 316 all tying for second place.

Room 104 was also the winner of the basketball tournament. Home rooms 307 and 315 tying in second place.

In volley ball, home room 104 was again victorious, having already won two honors, and taking the third.

The softball games are going on, and 104 has a good chance to take the fourth honor also.

Some girls play tennis, although no home room has its own respective team.

Pingpong was played during the winter in the gym.

Miss Stallings, the girl's gymnastic teacher, taught her students the process of artificial respiration, also.
