

# Exceptional 30-Day Offer Made By Johnstonian-Sun

SUBSCRIPTION PRICE NOT REDUCED, BUT A 50 PER CENT DISCOUNT WILL BE GIVEN FOR 30 DAYS—SAVE 50 CENTS BY ACTING NOW. THIS OFFER WILL NOT BE REPEATED

The Johnstonian-Sun this week announces a 50 per cent reduction in the subscription price, to extend over a 30-day period, beginning tomorrow (Friday, October 6) and extending until midnight Saturday, November 4.

During this 30-day period the price of the Johnstonian-Sun will be 50 cents for one year to every person who is a subscriber paid to date, and to all new subscribers. The Johnstonian-Sun will not accept any renewals for more than one year at this rate, and none for less than a year.

The publishers have made this offer primarily in the interests of the readers of the paper. At 50 cents a year, the cost to the reader is less than 1 cent per week, and it is an impossibility for the publishers to print and mail at this price and hope to make a profitable return.

However, because of the low price of commodities in general, with particular reference to farm products, the publishers have decided on this offer as a means of combatting depression.

Every person interested is urged to take advantage of this offer during the 30 days in which it is to be made, because it will not again be repeated. The subscription price of the Johnstonian-Sun is not being permanently reduced, but will remain at \$1.00 per year. It is therefore imperative that all those who intend to take advantage of this offer do so before the time limit expires.

The government not long ago raised the rate of postage on second-class matter in the mails. Newspapers travel as second-class matter. This newspaper was affected, a new burden being added to the expense of operating. Most newspapers use newsprint made in Canada, because of the fact that there is an insufficient supply in the United States to meet the demand. The Canadians take their little bit in the form of export duties, adding more expense to the operating charges. There are many other equally significant factors, but space limits us to these.

Laying the above facts aside, the publishers believe that the home community newspaper is worth \$1.00 a year of anybody's money, on its general merit. Any commodity requiring the labor, intelligence and capital investment that is embodied in a newspaper is certainly worth 8 1-3 cents a month.

## A WOE TRAILED BY TWO THEREFORES

(By REV. D. H. TUTTLE)  
Isaiah 5:11-14—Woe unto them that rise up early in the morning, that they may follow strong drink; that continue until night, till wine inflame them!

And the harp and the violin, the babet, and the pipe, and wine, are in their feasts; but they regard not the work of the Lord, neither consider the operation of his hands.

Therefore my people are gone in to captivity, because they have no knowledge and their honourable men are famished, and their multitude dried up with thirst.

Therefore hell hath enlarged herself, and opened her mouth with out measure; and their glory, and their multitude and their pomp, and he that rejoiceth shall descend into it.

Woe means God taking vengeance. Let a sinner go so far and there suddenly stops him by death. Prov 29:1. He that being often reproved hardeneth his neck, shall suddenly be destroyed, and that without remedy. Did you see?

No remedy, over and down: bank—a head on collision or against a tree or post. Do you read? Will you heed? Rises early in morning continues till night following strong drink in a staggering car that kills or he gets killed, or both. And your voter wants to enlarge this sort of drunk devilment. Hear me! God's vengeance will be on your track November 7th.

THEREFORE: My people are gone into captivity via electric chair vengeance of God. Into captivity of poverty with: hunger, rags, filth of life in person and home; neglect of mind and consequent ignorance; neglect of soul—its hard life—the way of the transgressor is hard—its eternal damnation for no drunkard can enter the Kingdom of Heaven. Gal. 5:23.

THEREFORE: Hell hath enlarged herself—grown bigger—taken away all mouth limit to accommodate the beer, wine, liquor, of all kinds crowd—whiskey, rye, corn, molasses, rum creating a bum; apple brandy and peach, within reach of everybody—then mix all and another WOE comes on the hell moving scene for "Who hath woe? Who hath sorrow? Who hath contentions? Who hath babbling? Who hath wounds without cause? Who hath redness of eyes?"

They that tarry long at the wine: they that go to seek mixed wine.

Here comes actual prohibition—are you heeding as you read? Look not thou upon the wine when it is red, when it giveth its color in the cup. When it moveth itself aright for "at the last it biteth like a serpent, and stingeth like an adder" and yet—are you thinking? Ye voter-man or woman, father, mother, brother, sister, friend, neighbor, you are going to enliven the mixture of excrement of fermentation germs

with your vote on November 7th—are you? Stop, think,—again, once more, and what have you done? What sort of a crowd are you with and in helping who? Devil or Christ Jesus? Six other woes. All on eternal torment broad hard-surfaced way—crowded with men, women, young and aged who "regard not the work of the Lord; and their glory and their multitude and their pomp, and that voteth them shall descend into it, and the bitterest pang, keenest agony of the anguish crowded spirits will be the craving appetite for strong drink—beyond strength of beer or wines—the finest sort of brandies, whiskies. In a land when prohibition excludes water—even a drop for parched tongues.—Luke 16:23-24.

## Highway Bandits Get \$4,000 From Farmer

R. H. Tripp Victim On Greenville—Aurora Road—Robbers Shoot At His Car.

Greenville, Oct. 10.—R. H. Tripp, farmer residing several miles north of Greenville, was robbed of \$4,000 when he was held up on the Greenville-Aurora highway near Chocowinity last night, according to reports of Sheriff Sam Whitehurst. Tripp told Whitehurst he was driving along the highway when a car drew up behind him and one of the occupants began firing upon him with a shotgun. One shell penetrated the side of Tripp's machine and he immediately stopped.

Three men left the other car and demanded that he turn over all the money he had in possession. Tripp handed over the \$4,000 he had in his wallet. He said the bandits immediately stepped back into their car and sped away. The shotgun charge passed through the side of Tripp's machine and barely missed his head but he escaped uninjured. He said he did not recognize the men but knew they were white. Tripp was returning from a visit to his sister in the Aurora section. Although a search was started for the bandits, no information leading to their apprehension had been obtained today. Tripp, it was learned, had drawn the \$4,000 from the Greenville post office, and intended to deposit it in a bank at Washington, N. C. He said the bank was closed when he reached there, and decided then to visit his sister.

## Longevity Increased By Modern Times

Bridgeton, N. J., Oct. 8.—People live longer nowadays than they used to, in the opinion of Mrs. Elizabeth Brooks, who recently celebrated her hundredth birthday.

"Years ago people lived to the ripe old age of 60," she said "but look at them today. Why, almost everybody lives to be much older."

## Hygiene Institute For Winston-Salem, N. C.

Washington, D. C., Sept. 30.—Nurses interested in teaching home hygiene and care of the sick have been invited to an institute to be held under Red Cross auspices in Winston-Salem, October 12th and 13th, according to announcement by Miss I. Malinde Havey, director of public health nursing and home hygiene, American Red Cross.

Miss Helen F. Dunn, assistant to Miss Havey, will be in charge of the institute, which will be held immediately following the State Nurses Convention.

Among the features of the program will be a demonstration lesson.

Last year more than 34,000 home hygiene certificates were issued by the Red Cross, for completion of courses taught by authorized nurses.

## Philippines Plan Aerial Defenses

Manila, Oct. 8.—A tentative plan for aviation development has just been accepted by the Philippine government, according to a report from Trade Commissioner E. D. Hester, Manila. The principal feature of the program is the establishment of a government aviation unit in the Philippine Constabulary which will serve as the basis for national defense aviation. Another function will be to encourage general civilian aviation.

## Oklahoma Springs Go Dry in Drouth

Ponca City, Okla., Oct. 8.—Willow Springs, famous in the Southwest since the day of the buffalo as a never-failing source of water, succumbed to the drought this year and no longer are flowing.

Total sales on the Hendersonville curb market for the months of July, August and September amounted to more than \$12,000.
