

### BICYCLE SAFETY LEAGUE

Elm Street School has a Bicycle Safety League which has 42 members. The girls and boys have promised and are trying to carry out safety rules for the Bicycle Safety League. Here is a good rule, "Know your signals when you get on a bicycle."

### OUR NEW EQUIPMENT

In our cafeteria we have a number of new things. We have 100 new trays, spoons, bowls, and some cooking utensils. We want to thank Mrs. Carroll and the School Board for these lovely things.

I am sure they will add beauty and service to Elm St. School. We, also, want to thank Mr. Hasty for four new screen doors as they have helped a lot.

We are proud that our cafeteria received grade A or 98 from the City Health Dept. this month. We think this new equipment has helped us get this good grade.

Annie Lida Council (5th)

### A LETTER FROM MRS. HILL

Dear girls and boys,

The cafeteria has been running now for seven weeks and I am delighted to have an opportunity to say to you something I have already said outside the school many times. And that is that I consider the group of you who come down to the cafeteria either for recess or lunch, the best behaved and most polite that I have ever known. As I used to be a teacher myself, I feel that I know you rather well.

I want to thank you each and every one for your hearty cooperation. It is making my work among you very pleasant and I am sure it will help make a happy year for us all.

Most sincerely,  
Mrs. Hill

### AUTUMN FIELDS

The fields are full of goldenrod, The air, with seeds from milk-wood pod.

Dorothy Jean Thomason (2nd)

### NEWS OF THE MUSIC DEPARTMENT

By Betty Lou Nance, Music Editor

We are glad to have Mr. Cronstedt, Miss Hoskins, and Miss Frank back again. Also, we are delighted to have Mr. Kimball, our new brass and reed instructor. Our orchestra is one of the first orchestras organized in any elementary school in the city. The orchestra rehearses weekly. The orchestra pupils are as follows: violins, Cornelia Ann Hodgin, Edna Cranford, Jean Rike, Betty Lou Nance, Betty Lee, Joanne Sechrest, Joyce Linthicum, Judith White; clarinets, Ralph Edwards, James Earl Ammons, and Kenneth Ellington; cello, Billy Raper; baritone, W. S. Jones; French horn; John Grover Hutchins. The orchestra is under the direction of Miss Frank. There are twelve beginners taking this year. Every one can take part in music whether or not you take instrumental. We are glad that so many are taking instrumental music in the school.

### SOCIAL EVENTS

By Betty Beam, Social Editor

Elm Street School's social events have been few in number so far this year. Only one party has been given so far. A surprise party was given in honor of Ann Alman in Mrs. Kelly's 5th grade. She left our school and moved to South Carolina. We will all miss her, but we wish her well.

The afternoon she left the children in her room gave her a little party. Interesting games were played and delicious refreshments were served consisting of lemonade, cookies, and candy. At the close of the party the honoree was given a miniature chest filled with farewell letters and gifts.

### HALLOWE'EN

The last night in October will be Halloween. On Halloween, we think of false faces, witches, black cats, owls, and bats. This is a time of fun. We hope Elm Street boys and girls will enjoy Halloween and have lots of fun. We hope that they will not hurt anyone or damage any property.
