THE GOVERNING FACTOR

pd
in the life of a bank is more than a willingness to serve; it is the knowledge of business conditions and the wisdom and ability to advise and assist in the fullest measure any project vital to the success of the community, institution or individual.

The willingness to assist must be backed up by an intense interest in the business life of the community, a thorough knowledge of its wants and needs, and the foresight which is necessary in extending real service and concrete assistance when such assistance is necessary.

We shall be glad to tell you more about our service.
