Voting Almost Triples In Vanceboro Election

Some candidates were making last-minute efforts to recruit voters and it apparently paid off as a strong voter turnout was recorded in Vance-

Seven candidates competed for the five seats on the town board. Town Clerk Carol Ipock said 182 voters cast their ballots, up dramatically over the 66 voters who voted two years ago.

The increase this year was almost triple the turnout of the 1985 vote.

Mrs. Ipock said she feels the increase in voters was because of the increased competition for the board seats and due to more campaigning. She reported spurts of voting activity and no problems with parking.

Coach Discovers Other Side Of The Whistle Challenging

side of the whistle these days.

Ms. Lancaster, daughter of
Gray and Loyce Lancaster of
Vanceboro, coaches girls volleyball, basketball and softball at Pamlico County High School. That means she blows the whistle, but there were times when she heard the whistle. The times she played sports in high school.

Ms. Lancaster has just started practice session for the Lady Hurricanes.

Just how much strength do the Lady Hurricanes have? Well, that's hard to tell, said Ms. Lancaster, since practice has just started. The Pamlico High girls' team might end up a full-fledged force 5 hurricane or might end up as a passing breeze. There are still a lot of unknowns, said Ms. Lancaster. The Lady Hurricans so far take after their namesake and are unpredictable.

Ms. Lancaster has high hopes for the team. Several big changes are expected this year, she said. Improved quickness and speed are expected this season, said Ms. Lancaster. Toss in some expected height and the Hurrianne sould cause other terms to canes could cause other teams to post storm warnings this season. With about eight or 19 girls

With about eight or 19 girls with height coming up from the junior high level, the Lady Hurricanes should see their overall size increase. Ms. Lancaster will have one 6-1 player, two 5-11 players and four girls in the 5-8 to 5-9 range. The Lady Hurricanes have to polish fundamental skills, said Ms. Lancaster. The new additions to the Lady Hurri-

canes will also face the task of learning Ms. Lancaster's style of coaching. While the final cut has not been

made, Ms. Lancaster said she looks for several qualifications in selecting team members. Atti-tude is the first qualification on her list. Ms. Lancaster said a player that scores points but has a bad attitude only causes a lot of problems the team could do without. She also looks at the amount of effort players make and a player's ability to follow directions. Players who meet her qualifications have a good shot at making the team she said making the team, she said.

Ms. Lancaster said the players up from the junior high level are young, but eager and willing to (See COACH, Page 7)

Brown Receives Award

Monte Brown may have silenced a few critics last Friday night.

Brown silenced those critics

by shattering the defense of East Carteret with a 49-yard strike to give the Eagles a first down and bring them out of a hole on a third-and-16 situation. Jerry Campbell was on the receiving end of the pass that kept the Eagles in the game and eventually led to the

Not Easy To Beat The Band

The giant killers did it again.
West Craven High School's
band was once again the smallest
band in its class at a recent competition, but the band marched away with five trophies. West Craven was one of 37 bands com-peting at the Eastern North Caro-lina Band Festival held in Roanoke Rapids.

The band was given an "excel-lent" rating in the overall categ-ory, took first place in rifle line competition, took second place in the majorette line and drum major competitions and earned a third-place finish in flag line competition competition.

Havelock has pretty much had its own way with opponents this season, rolling up 273 points while allowing just 81. West Craven has scored 165 points and the Eagle defense has allowed 91 points, second-best in the conference. Both Sasser and Eagle coach Clay Jordan said they ex-

pected a defensive game.
"We're going to try and make it as good a game as we can," Jor-dan said, "but it's going to take our best effort of the season just

Flight Into Ancient Times

Sometimes birds expose to us just how ancient they are. This great blue heron flees into the swamps up Runyon Creek with its scrap of fish bone and flesh. For a moment the primeval qualities

of the bird are shown against the blur of tangled vegatation. Time travel may come in bits and at unexpected times. (Photo by Ric
