## SMS Students Cherish Memories Of Chapel, Skits, Dances, Vacations

Another year has flown by almost too fast. One group of students will be leaving, but another will come to take their place. Think back on all the fun you've had.

The hall skits were all so funny: First West Wing and "Rag Mop," First West Rock and their "Petunia in the Onion Patch." They were all good.

Around Halloween the juniors gave a wonderful party with apples, fortune tellers, and all the trimmings. Second Holt won the prize, dressing to illustrate the ways they had died.

Remember the carolers at Christmas and the Senior Dance. Everyone was excited over a long vacation with parties and dances. Of course, we can't help but remember the weeks following that glorious holiday, for exams loomed ahead. They really weren't so bad when you look back.

### Memories

Since you've gone so far away  
A curious thing I view!  
The love affairs that I once knew  
Were simply little ladders, dear;  
By which I was climbing to you.  
LILLIAN TRIPLETT.

Weather report for Saint Mary's School:

Fair, Sarah Fair.  
Sunny, Haffye Sewell.  
Hurricane, Paula Smith.  
Mild, Myra Thayer.  
Tornado, Ann Ayres.  
Breezy, Cockie Smith.  
Changeable—The Faculty.

came in February, and the classes worked very hard to carry out their theme "Deep Purple."

Think of how excited everyone was when spring vacation came around. The cold months of winter were finally over, and warm weather made long-planned beach parties a big success. Do you remember how beautiful the campus looked when you returned? The trees were in bloom and the fragrance of lavender wisteria filled the air.

Then came the Junior-Senior and May Day. Remember the awful weather that threatened us that Saturday.

Think back on all the things of everyday life at Saint Mary's; the little chapel and how much it means to each one of us.

Yes, this glorious year is finally coming to a close, but never forget the wonderful times you've had, or the knowledge and friendships you've gained here these past months.
