Saint Sallies

Pike and Carter McAlister on this houseparty.

Also combing the beach a little further south were the Kappa Sigs from State and their dates: Trudie Johnson, Betsy Eagles, Margaret Atkinson, Susan Purdie, Lynn Roberson, Melchor Lowe, Winston Conner, Ellen Walker, Cydney Wright, Linda Jacobs and Mary Lou Dorris.

Happy Hamden-Sydney fans, Marty Dillon and Ann Osterman, also left Friday for the week-end festivities in Virginia.

Last week-end seemed to bring a group of events that included many of the St. Mary's girls. Betty Lou Williams' cottage was filled to the roof with St. Mary's gals, and the Zetes threw another big fling at Morehead.

I.F.C. held its spring dance last week-end and Joe College is also scheduled at Duke.

On Picnics

St. Mary's social events are going to be huge

On the fifth and tenth of the month of May.

The Juniors are asked to please wear rouge

To events in the hut to which you don't have to pay.

The fling on the fifth is for the Juniors alone

But on the tenth the Seniors are the honored guests.

The Cold-Cuts will sing some songs with a groan

The new members for new songs are now on a guest.

So come all who is invited—it'll be a spree

But the thing that's best is—it's going to be free!

Fruit Bowl

A peach for spring. . . . Although the mental capacity of St. Mary's has definitely diminished.

A huge prune for the pigs in Bio. Lab. They have got to go.

A green watermelon for everybody who smiles before breakfast.

A plum to Dewey for being the most co-ordinated member of May Court.

A grapefruit for Stutts for being the best fire captain yet!

A red rosy apple for everybody working on May Day. We know it will be a huge success.

A China berry for Carter for her terrific display of talent in the Junior assembly.

Lemons to work.
