SENIORS GIVE HALLOWEEN BASH

On Thursday, October 29, the seniors received name tags in the shape of pumpkins with an invitation to a Halloween party by the seniors, to be given that night at 7:30 p.m.

To enter the decorated gym, the seniors had to crawl through a tunnel and emerge into a dark sea of faces. Next came the Spook House, with a corpse and fortune teller. Refreshments of cokes, popcorn, cookies, and candy were then served.

After this, the seniors presented a skit about life at St. Mary's. Featured were the Hot F... Cold F... the teachers, a few students, and Nurse Smith.

After the skit, spaghetti and mashed potatoes were thrown at the SGAs. Teams of juniors and seniors competed in a sack race, three-legged race, water balloon toss, and bobbed apples.

MOVIE REVIEW

By ANN TYNDALL

One of the recent movies showing in Raleigh was *Elvira Madigan*. This movie was the subject of some discussion around St. Mary's. Several of the girls went to see the movie, and their comments on it varied greatly.

The plot of *Elvira Madigan* centered around a love affair between a married man and a famous circus tightrope artist. It depicted their first few days together and the subsequent problems which proved insurmountable. The movie ended with the shooting of Elvira by her lover. Suzanne Ishee commented on the excellence of the scenery and the well-cast roles which the actors and actresses portrayed. She said the movie relied more on scenery than on dialogue. Although the movie became boring in places because of similarity in places and action, the end adequately compensated for this. Suzanne best expressed the emotional impact of the ending by simply saying that it could not be expressed in words.

Sara Ashley said that she had heard very favorable reports of *Elvira Madigan* before she saw it, but that it did not measure up to her expectations. Sara was impressed by the colorful beauty of the scenery, but she characterized the plot as stereotyped and said the ending left her emotionless.

Although *Elvira Madigan* would probably never become one of the year's best movies, it did have certain features which recommended it. The unique absence of much dialogue and the heavy reliance on beautiful scenic effects to create a mood made the movie worth seeing.
