#### Republicans (1,191 needed for nomination)

John McCain 1,162  
Mike Huckabee 232

Republican Convention - September 1-4, in Minneapolis-St. Paul, MN

## Can Students Vote For President This Election Year?

Students who are 18 by the general election on November 4, 2008, can also vote in the primary election on May 6 (even if the student is still 17 on May 6).

### Where to register to vote, and where to vote?

Two options:

- 1) Register to vote in Durham
- 2) Register to vote in your home county

### Registering in Durham

NCSSM students can register to vote in Durham and would vote in the primary election on May 6 in the ETC Lobby. Seniors would need to change their registration

over the summer or in the early fall so that they can vote in the presidential election in November where they are going to college. (Juniors who are 18 by November 4 and register at NCSSM can vote at NCSSM in May and in November.)

### Registering in your home county

NCSSM students could instead vote in their home county. In this case, students could vote at their local precinct, or can request an absentee ballot. Students can also vote early in their home county in One Stop No Excuse voting, a form of absentee voting. At selected precincts in the three weeks or so before the election date (it's April 17-May 3 before the primary, October 16-November 1 for the general election), people can vote early.
