LEXINGTON FALLS BEFORE SALISBURY

Although the Salisbury team was outplayed, out-fought, and even took the tail end of the yardage gained, they left the Legion park in Salisbury with a thirteen to six victory over their ancient rivals from Lexington.

Lexington began her attack early in the first quarter when a punt was blocked near the goal line and was recovered after it had rolled fifteen yards. Gene Young, the mighty full-back carried the ball four yards and then Raker took a short pass to the one yard line only to be called back for off-side. During the quarter Lexington continued to pound the line for good gains but when least expected Vestal fumbled the ball and an opposing lineman scooped up the oval and raced fifty yards for a touchdown. Again in the third quarter Salisbury blocked a punt which was soon turned into a touchdown.

Then the break began to turn, Cecil, who had been substituted for Eanes picked up a fumbled punt and raced to the ten yard line only to have his team held for downs. Then followed the brilliant run of Berrier, who in the last minute of play, intercepted a pass and ran fifty yards for the goal and thus saved Lexington from being held scoreless.

Captain Anderson played his best game as so did Philpott and Sink. Hunt also did good work, especially in the first half.

Lexington missed the services of her half back, Miller who was held out on account of minor troubles with a member of the faculty. It is hoped that he will soon be allowed to play as it has been stated that he was missed very much.

As a whole the team played well and deserved to win but for the fortunes of war.

Line-up

Hargrave, Center; Hunt, Left Guard; Philpott, Right Guard; Anderson Right Tackle; Sink, Left Tackle; Raker, Left End; Eanes, Right End; Dorsett, Quarter Back; Vestal, Right Half; F. Young, Left Half; E. Young, Full Back.

PROSPECTS OF THE GIRLS BASKET-BALL TEAM

About thirty girls were out Monday afternoon for the first basket-ball practice. Several of the girls that were on the team last year went out to college this fall, but out of the

large number that are practicing we are expecting to find more just as capable of a place on the team as were the old ones. A number of the freshmen that are coming out to practice played in Grammer School. This is an advantage because they can start right in with the old players, and probably some of them will make subs on the team. We are now practicing on the Methodist play ground, but are hoping to get in the new Gymnasium soon.

BASKET BALL PROSPECTS FOR 1924-1925

The prospects for a winning basket-ball team this year are only fair. Since the school was not represented last year there is no abundance of material on hand. Eugene Young, a star for several years is the best prospect for a captain. He is heavy and fast and in him we have an ideal guard. Oscar Berrier a former all-state man of the fast Welcome quint is attending school and he is expected to matriculate. It is very doubtful that Bufort Miller will return to school and if he does not, his loss will be felt even more than it is on the gridiron.

With these experienced men and with an abundance of raw material it is hoped that a winning team can be placed on the floor.

STUDY, STUDY

I used to think I could
And really thought I would,
A magic coat I'd spread
To fly where faries tread.

And there no lessons would be gotten
For I really think them rotten,
Because you have to study all day;
And do not have a chance to play.

But now I often wonder
Why I used to ponder
Over lessons oh, so small:
That were nothing to get at all.

For now I have to study all day, and
part of the night,
And get up with the early morn-
ing light;
For you must study in high school,
And obey strictly every rule.

"er's 'ow."

Soulful Lad—"Drink to me only
with thine eyes."

Flapper, interrupting him—"Can
that stuff and get the hooch."

—Exchange.
