LEXINGTON, N. C., OCT. 16, 1924

THE LEXHIPEP

THE LEXHIPEP, publication of Lexington High School, was started in 1921. It was welcomed by all students of the High School, as it was their first attempt at a school paper. THE LEXHIPEP was also published in the 1922-1923 session, but due to the lack of energy and support of the students, it could not be published last year. However, this deficiency has been made up and we are starting out this year with high hopes for the success of our paper.

THE LEXHIPEP is published for the purpose of letting outsiders know what is going on in our high school, and give the students a chance to show what they are able to do along this line. The plan for getting this material is "Lexhipep Day," which comes the Wednesday before the publication of the paper. Every student is required to write something he thinks will be interesting to readers, and turn this in to his English teacher. This is checked over and the best selected for publication. Extra points are added to the English grade of those who submit worth-while articles to the paper.

We, the members of the staff, have determined to do all in our power to make our paper a success. We think that with the aid of our censor and other members of the faculty we can carry it through to a glorious finish. In return, however, we expect the full

support of every student and teacher in the high school, and judging from the reports, we have no room for complaint on this matter so far.

So watch out for THE LEXHIPEP. It's coming!

WELCOME TO FACULTY

The High School wishes to extend a hearty welcome to all of its teachers, both to the old ones, who have worked and struggled so faithfully with us in the past, and to the new ones who have just come to us.

We feel that the school board and superintendent should be congratulated on having secured so competent, good looking, and attractive a corps of teachers.

The outlook for the session is most encouraging, and we, the members of the first year class, pledge our very best efforts for the success of the school. With the co-operation of the other grades, we look forward to one of the best years in High School work.

THE LIBRARY

Lexington High School has a very nice and well equipped library. The students have the advantage of a library, and are very fortunate to have such a good one. Last year it wasn't as well equipped as it is this and more books will probably be put in this year.

Each class goes to the library when it does not have a lesson. If a student is supposed to be down there and is missing, he certainly cannot get by with it, because at the beginning of the period the roll is called. If anyone expects to make noise and have a good time he will certainly get left, because we have good order in our library.

Last year the order of the library was not good as it is this. Because of the lack of teachers last year, high school students kept the library. This year there is a teacher in there each period.

BOOST LEXHIPEP

Hi lee! Hi low!
The wind doth blow.
But blow this way,
Or blow that way,
It cannot blow
"LEXHIPEP" away.
It has its "rep."
Also its "pep."
It climbs the ladder step by step.
Hi lee! Hi low!
The wind doth blow,
And with every blow
Gives "LEXHIPEP" the show.

"LEXINGTON HIGH SCHOOL BOOST"

Lexington High School has a good reason to be boosting with such a splendid principal and faculty as it has this year.

Mr. Allen, the principal, is one of the best, if not the best, principal Lexington High School has ever had. He works for the betterment of the school in every way he can. He believes in honest, true, hard workers, so if you aren't one you had just as well stop school now, and not wait until he makes you.

We have chapel three times a week on Mondays, Wednesdays and Fridays in our fine new auditorium, which is almost complete. On Wednesdays we have singing, the songs being selected and sung by the school, except when we have special music by Miss Myers. On Mondays we have a minister with us to give us a short talk on any subject he chooses. On Fridays we have some man who has made a success in life to give us a short talk on "How he Succeeded." These talks are interesting and appreciated by all.

The attitude of the students has been changed considerably this year. The standard has been raised and everyone works harder than before. It is not so easy this year to make high grades as before. The pupils who have done good before, are now working harder so that they may still lead.

Students this year are making school their business and taking it more seriously than before.

Another phase of our school work is athletics. L. H. S. has a very good foot-ball team this year and we expect to have a good girls, and boys basket-ball team. The girls have started practicing and will very soon be in the new gymnasium.

"Every day in every way L. H. S. is getting better and better."

Rules for Hotel Guests

1. Anyone wishing to drive will find hammer and nails in the closet.
2. Anyone troubled with night mares will find a halter on the bed-post.
3. If you find the room too hot open the window and watch the fire escape.
4. Don't worry about paying your bills, because the hotel is supported by its foundation.

WANTED—Someone who has read more books than Mr. Hunt.
