LEXINGTON, N. C. MAR. 23, 1925

SPRING FEVER

The terrible epidemic, "spring fever", is already abroad in High School, and is spreading rapidly. It always pays a visit to students in the spring, but this year it is earlier than usual. The new system of absolute silence in the library is proving a very effective prevention and cure however, and it is hoped that this disease may soon be wiped out altogether.

We are now having real, worthwhile music for our chapel exercises. We always have our orchestra, and very often a soloist glee club, or some other musical feature for our enjoyment at this period. We appreciate all efforts along this line, and may our programs continue to be as interesting as they have been for the past few weeks.

Our High School must be improving, judging from the Open Forum. The last Lexhipep contained a page of such material while this time criticisms seem to be extremely scarce.

Everyone is glad to see that the Juniors and Seniors have decided upon some kind of truce; at least there is now no open war-fare. Many word-battles have been waged, but usually in fun, and things seem to be running smoothly now.

We think more boys and girls

should take an interest in track, but the ones who are trying out are enthusiastic sports, and are making good. As letters are to be given to winners in track features this year, we expect many more L's to be floating around next year than ever before. We also intend to have two more silver cups added to our collection.

L. H. S. has two good chances to send representatives to Chapel Hill this year, tennis and debating. We are sure that one or both of these teams will be victorious this time, and reach the goal.

A large number of the schools in Davidson County are preparing to participate in the county track meet which will be held in Lexington, April 10th. Although last year was this county's first event of this kind, it was a great success; and we want to make it more successful this year.

Last year, Thomasville showed good form and won the cup, with Lexington second. They also made a good showing against Winston last year. This indicates that they will have just as good a team, if not a better one than last year. But why shouldn't Lexington put out a better team than Thomasville? We certainly have as good material to choose from as they do and if we decide we are going to win, we will.

A large number of boys are coming out faithfully each afternoon and are doing some real work. They are putting some honest effort into the practice and that is what it takes to make a winning team. They are putting something into their practice and they are getting results. In fact, the coaches are very well pleased with the prospects for the boy's team.

But no one is pleased with the way the girls are showing up for track practice. How can you expect to have a team if you don't come out for practice? Every girl in Lexington High School should have more school spirit than to allow the representation that we have been having at practice. Lexington has good material, but it certainly isn't any good if we don't develop and use it. There are many girls who could come out and do good work on one or more teams if they would do it but no, they would rather stay away; let

Thomasville or some other school beat us and talk about the poor track team that the Lexington girls' put out. I suppose this is the appreciation that the girls are showing the coaches, Mr. Stokes, Mr. Hunt and others who come out each afternoon and try to produce a team, and are doing their best to make Lexington show up as the best school in Davidson County and one of the best in North Carolina. So girls' why don't you come out, show your school spirit and appreciation of the work that these coaches are doing for us, and show people what you really can do?

A small number of girls are practicing tennis daily and those that are coming out show that Lexington really has some excellent tennis players. Although more girls are needed if a team that really shows what Lexington Hi can do, is to be sent out. However no tennis matches will be held until after the track meet April 10th.

The boys are practicing every day and they have a good team. Boy's may go to Chapel Hill, April 9th and 10th when state tournament will be held.
