

NOW LISTEN

—Becky Thomason

There are three ingredients in the good life: learning, earning, and yearning.

* * * * *

The only thing we can remember about the speed of light is the fact that it gets here too soon in the morning.

* * * * *

"A well-known beauty expert says that beauty is not a question of age. It is making the best of one's good points."

* * * * *

For the first time little Judy saw a cat carrying one of her kittens by the nape of the neck. "You're not fit to be a mother!" she cried in shocked tones. "Why, you're hardly fit to be a father!"

* * * * *

Small girl, showing her older sister's bedroom to playmate. "My sister's 19. I thought I'd like to have her room someday, but she never married."

* * * * *

Intelligence means: A sterling quality possessed by anybody who will listen attentively to what you have to say and nod in agreement.

* * * * *

Desk—Wastebasket with drawers.

Sense of humor—What makes you laugh at something which would make you mad if it happened to you.

* * * * *

A woman driver is a person who drives the same way a man does—only she gets blamed for it.

* * * * *

A woman's intuition
By which a man is tricked
Is nothing but suspicion
Which accidentally clicked.

* * * * *

One trouble with fast company is that its' often slow going home.

* * * * *

Tell a girl she is pretty and she will like it, but will not be sure you are in earnest; tell her she is prettier than some girl she knows is pretty and you have got her.
