Mr. Payton, the director of the play, expects to give it at Kittrell and Oxford in the near future, and it will be here soon.

Tommyo Tinsley

Miss Elizabeth Burt, a member of the senior class, completed her high school course January 22nd, 1937. Her plans for the future are undecided.

Dr. LeBeau, an Agriculture teacher from Hampton Institute, spoke to the students, January 11, 1937, in the Auditorium. In his speech he brought out some vital points concerning why we should stay in school as long as we possibly can.

Mr. Taylor, a student of Hampton Institute, Hampton, Virginia, has been on the campus for a month, practicing teaching in agriculture under the supervision of Mr. Payton.

OUR LOSS SOMEBODY'S GAIN

The student body and faculty of Henderson Institute have both been affected by the transfer of Marie Lindsey to the public schools of New York City. Miss Lindsey placed herself in the hearts of all through her excellent artistic ability. Her work with the school newspaper and her sketches of outstanding

people brought comment from all visitors to the school. She was an invaluable asset to the Dramatic Club and to the music Department, being responsible for the beautiful and attractive scenery displayed in the productions of each of these organizations. Though we regret the loss of Miss Lindsey, we feel that her decision is a wise one, and we wish her good fortune and success in her new undertakings.

The Negro History Class, under the supervision of Miss M. G. Taylor, presented a very effective and appreciative program to the student body on Thursday, February 11, in observance of "Negro History Week". Lena Johnson received comment on her paper, the subject of which was, The Meaning of Negro History Week. Almira Wilkinson was very impressive in her rendition of the spiritual, Tramping.
