Plant United Fund Drive to Begin Oct. 5th

The 1971-72 Brevard Plant United Fund Campaign will begin October 5th and last 10 days. This years' goal is \$19,100.

Plant and construction employees contributed a combined total of \$18,643.11 (separate from the corporate gift) last year. We need to beat this figure by an amount to provide our share of the increase in local county budgets.

Transylvania, Henderson, and Buncombe County agencies are included in this years' distribution of employee contributions. Payroll deductions for Buncombe County residents have been added based on employee requests last year. In addition, we will have available more frequent payroll deductions (1, 3, 6, 9, and 12 months versus 1, 6, and 12 last year).

Sixty-seven solicitors from all plant areas underwent training sessions in mid-September to learn about the mechanics of the plant campaign and review the needs of worthy community agencies included in the three county budgets.

LET'S BEAT LAST YEAR'S TOTAL GIFT!

Letter From Jack . . .

Dear Fellow Employee:

The annual Brevard Plant United Fund campaign to raise funds to support community service and charitable organizations for the year 1972 will begin Tuesday, October 5. The plant is contributing to the Transylvania, Henderson, and Buncombe County United Funds and is making time available for solicitors to make individual employee contacts. Your gift may be given to either the Transylvania, Henderson, or Buncombe County United Fund through payroll deduction.

We, who enjoy good health and have a good job, share in an obligation to assist those less fortunate in our communities, to provide wholesome activities for our youth, and to support those

other necessary agencies which contribute to our community betterment. How much each of us contributes is a matter for personal conscience. It is important that all employees accept this civic responsibility and contribute an amount sufficient for these agencies to do a good job.

Starting October 5, you will be asked by one of your fellow workers to make a contribution or a pledge to one of the United Funds. We believe these worthwhile community projects deserve your thoughtful consideration and generous support.

Sincerely yours,
J. C. Dense
Plant Manager
