UNITED FUND DRIVE IN EARLY OCTOBER

"You are making it work" is the United Fund campaign slogan chosen by Andy Brown (Henderson County) and Les Goodwin (Transylvania County) Brevard Plant co-chairmen for the 1975 UF Drive.

This year's plant goal is \$28,000, up from the \$24,500 target last year due to more employees on plant roll and increases in county budgets.

Fifty-four area solicitors will conduct the plant campaign following the kickoff breakfast on October 1.

Each employee will receive a folder showing the many agencies in each county benefited by contributions. The front of this folder best shows the way you help. Several workers in many walks of life are pictured with looks of compassion toward a needy family.

Your United Fund pledge helps meet needs of local agencies dedicated to serving health, welfare, and recreation on a continuing as well as emergency basis.

As a guide to giving, one hour's pay per month is considered a fair share pledge.

DU PONT CO. PRESIDENT VISITS BREVARD PLANT

Dr. Edward R. Kane, Du Pont Company President, came to the Brevard Plant on Thursday August 29. He came to see a Du Pont manufacturing site he had never before visited.

Plant Staff briefed Dr. Kane on plant history, plant investment figures, and the plant's future. He saw process flow charts in the Coating Area Training Room. Then, he toured Casting, Coating, and Finishing Areas to see film manufacture.

After lunch at beautiful High Falls, he attended reviews on cost, performance, and employee relations prior to leaving
