

WARE HOUSE FURNISH PRACTICE FOR BOTH BASKETBALL TEAMS

The Boy Squad Beginning Basketball, Anticipate an Inter-Class Tournament

It is a very fortunate thing that the Greensboro High School has secured the two new warehouses, on Green Street, for its athletics.

One is used for the girls and one for the boys—The girls would have been in a deplorable state, if the ware house had not been secured. Because, there was no place for the girls to have their athletics, there being no gymnasium in the High School and the new Y. W. C. A. not being finished.

The girls have strated with a lot squad of girls is down most every afternoon for practice—also, new girls who do not know so much about basketball come down in the afternoons. There are so many, that they have been divided into two groups, one under Miss Blackney's direction and the other, under Miss Detweiler. These have different days and thus, the girls keep the two basketball courts in use each day.

Another sport, becoming very popular, with the girls, is volley ball. Here again, the warehouse is used. We have a volley ball net and a court. Here, nearly every afternoon are seen a large number of girls, cut learning volley ball, under the direction of Miss Hood and Miss Smith.

The other ware house is used by the boys. There are so many boys who want to play, that they can't all go out for the Varsity Basketball team nor can they all practice in the Y. M. C. A. Therefore, in the afternoons, in this warehouse, you can usually find the second team of boys busily at work with their practice under Mr. Bole Giles. The other court in the boy's warehouse is used by boys going out for class basketball. These boys are under Mr. Charles Phillip's direction. The boys are hoping soon to have a class tournament, such as the girls had in the fall.

MR. LEONARD'S CASE MORE HOPEFUL

Mr. C. L. Leonard, a member of the History Department of the Faculty has been very sick at his home for three weeks. Willing to do his best for the school, he came to school when he was not entirely well, causing him to be sicker, probably than if he had stopped early. A cold developed into pneumonia which was not so bad, for he was near the end of that when pleurisy set in, giving him a double task to combat. But he is holding up well under the strain and although, it may be a long seige yet, the doctors are more pleased now. It has been a constant anxiety of both faculty and student body and they are all hoping that Mr. Leonard will soon be back with the school. Mr. Leonard is in St. Leo's Hospital. He would certainly appreciate a card or letter from the school people who were his students and co-workers.

HAIL ST. VALENTINE DAY

Although we all like to send and receive Valentines, few of us really know just exactly why we send them.

Valentine Day is celebrated on the fourteenth of February honoring St. Valentine, who was a bishop of Rome during the third century. He possessed remarkable gifts of eloquence, and was so successful in converting the pagan Romans to Christianity that he incurred the displeasure of the Emperor, and was martyred by his order on February 14, A. D. 270.

When the saint came to be placed on the calendar, his name was given to the day of his death. Since the day of his death, his faithful followers began sending tokens bearing the saint's name. Now hearts are quite responsive to the symbols of Saint Valentine's Day.

A Rube saw a sign on a post in the country. "This will take you to Paxton." He sat on the sign for two hours and then said: "I wonder when she's going to start."

BRITTON'S BASKETEERS MEET DEFEAT AT WINSTON'S HANDS

Much Rough Playing, Daniel Was The Star of the Evening, Talled 17 Out of 26 Total Points

The Greensboro High School basketball team went down in defeat before the Winston-Salem quintet Saturday night, February 4 by the score of 40 to 26 in Winston. The game was very rough and it was played in a very swell gymnasium.

The first half was much closer than the second ending 15 to 19 in Winston's favor while in the second half Winston made 21 points to Greensboro's 11. Daniel for Greensboro played wonderful ball tallying 17 of his teams 26 points. Williams and Henderson for Greensboro did some of the prettiest guarding work that has been seen in a long time. Britton, Greensboro's star forward, had to go satisfied with only one field goal. Daniel shot 7 out of 12 free throws while Comonly for Winston caged 10 out of 18 free throws. Davis for Winston caged 4 out of 7 free throws. Connelly did the starring work for Winston making 16 of his teams total points. Davis playing guard for Winston did stellar work as did Cofer.

Greensboro has beaten Winston before and all hope was upset by their overwhelming defeat at the hands of their former victims. The minuteness of the court probably had something to do with it.

MRS. LAUGHLIN IMPROVING

We regret very much that Mrs. Laughlin is again incapacitated for work. We are glad to note, however, that she is on the road to recovery and hopes to be able to meet her classes soon. Mrs. Laughlin has been very unfortunate this session in having to miss so much time from her work on account of illness. We sincerely hope that the future has better luck in store for her and that she will not be forced to miss any more time for it is hard for her place to be filled, so graciously has she endeared herself in her pupils' minds and hearts.

MR. PURRINGTON AT ST. LEO'S

Mr. Purrington has been out of school for a few days on account of sickness. He has been compelled to live at St. Leo's Hospital in order to receive an examination that was necessary. It is hoped and believed that Mr. Purrington will be back with us soon. The students and faculty are wishing him an early recovery.
