TO OBSERVE DEBATING WEEK MAY 10 TO 14

Debating to be Stressed Throughout English and History Departments—Debates Arranged for Chapel Program.

The week beginning with Monday, May 10, and lasting through May 14, has been set aside as Debating Week, and is being sponsored by the Greensboro High School Debating Club. The week will be opened with a series of debates in chapel on Monday, Tuesday, and Wednesday. At the regular meeting of the Debating Club on Friday, the members will form a court and enact a mock trial.

Beverly Moore, as chairman of the Program Committee, has announced the debaters for the week. Queries will be made public later. The debaters are as follows: Monday, J. D. McNairy and Caskie Norvell, affirmative against Margaret Hood and Beverly Moore; Tuesday Louis Brooks and Harry Gump, Glenn Holder and George McSwain; and Wednesday James Cates and Connelly Guerant, and Ernest Scarborough and Floyd Mills.

Throughout the English Department debating and oral English will be stressed. It is also likely that several debates will be held in History classes.

Debating week is being held, primarily to place debating in its proper place among the activities of Greensboro High School, and to increase interest in the forensic art. It is hoped that next year, Greensboro High School will lead the state in debating. Only knowledge of the subject by the student body and live interest is needed to put G. H. S. on the debating map members of the Debating Club feel. The week is essentially an educational drive for debating.

PROF. WUNSCH DISCUSSES 'SPEAKING APPEARANCES'

W. R. Wunsch, head of the G. H. S. dramatic department, spoke to the Debating Club Friday, April 16. "Speaking Appearance" was his subject.

"Neatness and quietness of dress are important," he stated. "The audience must not be conscious of the speaker's clothing. To become a successful speaker one must possess voice culture and body control. There must be no nervous gestures. To obtain this control physical fitness is necessary."

Plans for a debating program to be held in chapel were discussed. The suggestion was made that the club try to arrange for a course in public speaking next year. A committee to investigate the matter was appointed upon the belief that such a course would be a great step forward for all interested in this line of education.

DRAMATIC CLASS HEARS MISS PLONK

Talks About Founding-Purpose and Activities of Work-Shop In Asheville, N. C.

Miss Laura Plonk, Director and founder of the Southern Workshop in Asheville, N. C., visited the Dramatic II class at the 8 period Thursday, April 29. She discussed informally the founding, activities and purpose of the workshop.

The workshop is devoted to the advancement of the united arts in the South and is in conjunction with the Boston School of Expression. With a past of only two years of summer sessions, its prospects for the future are very bright.

This school was founded as a result of Miss Plonk's decision that there was no reason why the South should not have as large and influential a conservatory as the North, and that Asheville was an ideal place for such an institution. After graduating from and teaching in the Boston School of Expression, Miss Plonk undertook the establishment of such a school in Asheville.

Acting, public speaking, pantomime, vocal expression, dancing, gymnastics, harmonic training and music are among the activities of the school curriculum.

BAPTISTS DEFEAT KILTIES IN DEBATE

Holder and Lashley Triumph Over Hosts at Kiltie Klub Meeting. Judges Decide Unanimously.

The Baptist Boys' Club, represented by Glenn Holder and Edwin Lashley, defeated John Mebane and Henry Biggs representing the Kiltie Klub, in a debate on the question, "Resolved, That no conviction should be based on circumstantial evidence alone." At the regular meeting of the Kilties held April 21, the winners upheld the affirmative of the query.

The negative speakers presented strong arguments based on two major points—that circumstantial evidence is necessary and just in some cases and that some bolition of circumstantial evidence would mean the freeing of many guilty and dangerous criminals. But a unanimous decision of the judges favored the opponents of circumstantial evidence who denounced its uses as a dangerous and unjust practice presenting the following arguments: that circumstantial evidence has served in many cases to punish the innocent for the crimes of the guilty, that its use is morally wrong, that it is better to let several guilty men to escape unpunished than to cause one innocent man to suffer, that most of the courts do not accept circumstantial evidence.

At the following meeting April 28 Miss Lily Walker spoke on the interesting and comprehensive subject of "Love."
