NEW YORK SYSTEM USED

Pupils Allowed to Make Own Scholastic
Schedules—C. W. Phillips States
Plan Is Successful

Greensboro city schools' enrollment on Monday, September 5th, totaled 6,273. This included the negro enrollment as well as the white. Of the students enrolled 4,626 were white and 1,647 were registered at the colored schools. This total, however, does not include those just beginning school and the ones coming from other cities, but it does include the high school freshmen.

At the Central High School 848 students enrolled. Of this number 113 came from the grammar and Buffalo School.

Students at the Central High School made out their own scholastic schedules for the first time. This new system worked successfully, according to Mr. Phillips' statement. Before this the students have had their subjects outlined and arranged by the teachers. The students arranged everything this year. They went from room to room Monday, and when they found conflicts in study hours, made the necessary changes. This system is similar to that used in New York schools.

AWARD MOREHEAD CUP AT SPRING GRADUATION

Presented For Best Revolutionary Story
of North Carolina Honoring
Major Joseph Morehead

FRANCES COBLE TROPHY WINNER

Frances Coble, '27, was awarded the Morehead cup at the June graduation. For the past six years at graduation time this cup has been awarded a senior for the best revolutionary story of North Carolina. The first possessor of the trophy was Louise Amole. Each year finds it in new hands. Evelyn Trogdon was the second winner and Thomas Shaw took it the third year. Virginia Jackson won the award in '25 and Frances Johnson in '26.

Mrs. Joseph M. Morehead awards this cup in honor of her husband, Major Joseph M. Morehead, who gave the best part of his life, the last 21 years, to recording and verifying the Revolutionary facts of North Carolina. Because of his unceasing work and untiring interest in the historical facts of North Carolina this award is made. Three judges pass upon the papers submitted and give a final decision for the June graduation. One judge is from N. C. C. W., and one each from Greensboro High and Greensboro College.

COUNCIL PRESIDENT GIVES WORD TO PUPILS

Bill Byers, student council president, says, "The Student Council is to aid the pupils—not to hinder them. Their duty is not to go around and find everything wrong they can, but to help everyone to do right. They do not enjoy trying pupils for misdemeanors, but it is their job when it is necessary.

"However, if a punishment is inflicted on a person," says the new president, "it tends to help them, and they should not get angry and say someone has a spite against them, or any such thing."

NEW MEMBERS OF FACULTY

JUNIORS WELCOME G. H. S. FRESHMEN

"The Movement Is to Aid Pupils
Socially and Scholastically,"
Says Dean

CHOOSE HONOR STUDENTS

Greensboro High has a "big sister" companion as she begins her semester's work. This plan is endorsed by the Girls' Council. Never before has it been tried at G. H. S. or any other high school. It has been successful in all the colleges and Miss Fannie Starr Mitchell, dean of girls, believes it a worthwhile movement for Central High.

Juniors will be the "big sisters" and this will be an organization within the Girls' Council. For the past month girls have been busy learning their "little sisters." Letters and visits have been the welcome extended to the new freshmen.

"This is a movement to aid the new pupils socially and scholastically," declared the dean. Only junior girls who do favorable work have been asked to take a part in the welcome.

In a few weeks a party will be given by the "big sisters" honoring the "little sisters" of G. H. S.
