Davis; 315, Moore, Joe Rogers, Vivian Roberts; and 317, Mitchell, Bob Perry, Ann Newton.

French 3 Class Discusses Stories, Songs of France

With French newspapers, correspondence, ports and canals, industries, the Paris University and Fireside Tales of France as topics of the day, Miss Estelle Mitchell's first period French three class launched its second French club program November 27.

On November 13, the program, under the direction of Gene Scott Reynolds, Jennie Lou Jones, Bradley Willis and Jack Watson, consisted of reports on social customs, French holidays, national symbols, patron saints, origin of French language and songs of the troubadours.

When the club opened its semi-monthly sessions last Friday, each student answered roll call with three French sentences concerning his activities during the Thanksgiving holidays.

Officers of the group include Martha Sink Koontz, president; Margaret Hoffman, vice-president; and Jewell Hyatt, secretary.

Mixing of Building Materials Studied By Kyle Benbow, D. O. Class Pupil

"My job at Pittsburgh Testing laboratory is not exceptionally hard, but it involves accuracy and responsibility in making out reports to various companies," remarked Kyle Benbow, senior at G. H. S. and a member of the diversified occupation class, in an interview with a High Life reporter this week.

Kyle began work in September and devotes approximately 22 hours a week to his vocation. His duties include testing concrete cylinders for strength, testing sand and rock for quality, testing mixtures of mortar, and general office work when the manager is out of town.

"And, naturally," laughingly commented Benbow, "there is always the telephone to be answered just when you are in the middle of mixing cement or breaking a cylinder."

"However," he concluded, "I like my job at the P. T. L. and I believe a job of this kind during the present condition of the world should be highly appreciated."

Highest Scouting Award Presented to Neil Beard

Neil Beard, student of Senior high and a member of the High Life staff, received the highest award in scouting, that of eagle rank, Monday night in the local Court of Honor.

To receive the award it was necessary for Beard, member of troop 11, to secure the 21 merit badges and to perform the other services required for that honor.

The scout ceremony took place in court room No. 1. Presentation was made by R. W. McGeachy, Lewis (Skinny) McBrayer, and Lacy McAlister.

Report cards for the second six weeks period were given out last Monday.

Holiday Work Openings Continue Until Dec. 19

A. S. Proctor, coordinator of distributive education, will continue Christmas employment work until December 19, for all students 16 years of age or over who desire employment during the holidays. Three hundred students will begin work in this field December 6.

Since they teach fundamental business practices, such as the use of cash registers, etc., these jobs help students obtain necessary experience needed after graduation. There are several vacancies at the downtown stores still to be filled.

Girl Reserve Clubs Present Annual Recognition Service

Dimly lighted by the flames of 400 small candles, the main auditorium of the First Presbyterian church became the scene of the Girl Reserves annual recognition service, Sunday afternoon at 4:30.

Sixteen clubs from Senior high, Lindley junior high, Central, Gillespie, Aycock, Proximity, and Pleasant Garden participated in the candlelight ceremony, as their new members were recognized by the old Girl Reserves and the parents also attended the occasion.

After the eligible members received their rings, the group formed a giant circle and concluded the service by singing one of the best known Girl Reserve songs, "The Candles Burn."

To brighten the Christmas of a portion of the Sternberger hospital crippled children, Miss Henri Etta Lee's art students are preparing to decorate a tree for them.

The students are making paper chains, wooden Mickey Mouses, Donald Ducks, and colored paper cup candy holders, with which to decorate the tree.

Cooperating with Miss Lee's students on this project, Miss Zena Kibler's second period home economics class is making dolls for the hospital-ridden children.

Della Mae Trotter and Clark Foster are said to be chiefly responsible for the idea. Other art students working on the gifts included Bill Crump, Nelson Rone, Bill Michael, Mervin Merritt, Fred Fullington, Edith Lowman, Billie Loy, Beverley Lewis, Evelyn Hedrick, Ernestine Koury, Sue Woody and David Forlow.

Morris Chosen Sponsor At Wake Forest Dance

Marian Morris, 1941 graduate of Greensboro high, received honors as sponsor for the Wake Forest freshman-sophomore dance held during Thanksgiving week.

Marian's date, Horace Kornegay, also '41 graduate, is president of the freshman class and was dance chairman.
