GRIMSLEY SENIOR HIGH SCHOOL,

Greensboro, N.C. 27410

Wednesday, June 7, 1979

Mr. Garner, who will leave Grimsley this year to study law at Carolina, will be missed by all of his students. In fact, he will never be forgotten.

GARNER RETURNS TO ALMA MATER

After four years of teaching here at Grimsley, Mr. Garner is leaving to go to the Law and Business School at Carolina. The main reason Mr. Garner is leaving is because he feels he is not paid well enough.

Graduation Plans Include Beach Trip

As the 78 school year comes to a close, more and more seniors and juniors find themselves making after-graduation plans for the annual June beach trip to Ocean Drive, South Carolina.

The most common sight during the day at O.D. is the crowds of people stretched out along the beach absorbing rays from the sun. Some people prefer throwing frisbee up and down the beach, while still others can be found elsewhere, such as the people who seek excitement. They can usually be found at the miniature golf courses playing Jungle Golf, or even more adventurous people are found at the water bogging places.

For those who like to take it easy on their beach trip, there is always the common sight of people sitting in rocking chairs along Ocean Boulevard watching the cars ride by, and usually making conversation with each carload of beach-bound people.

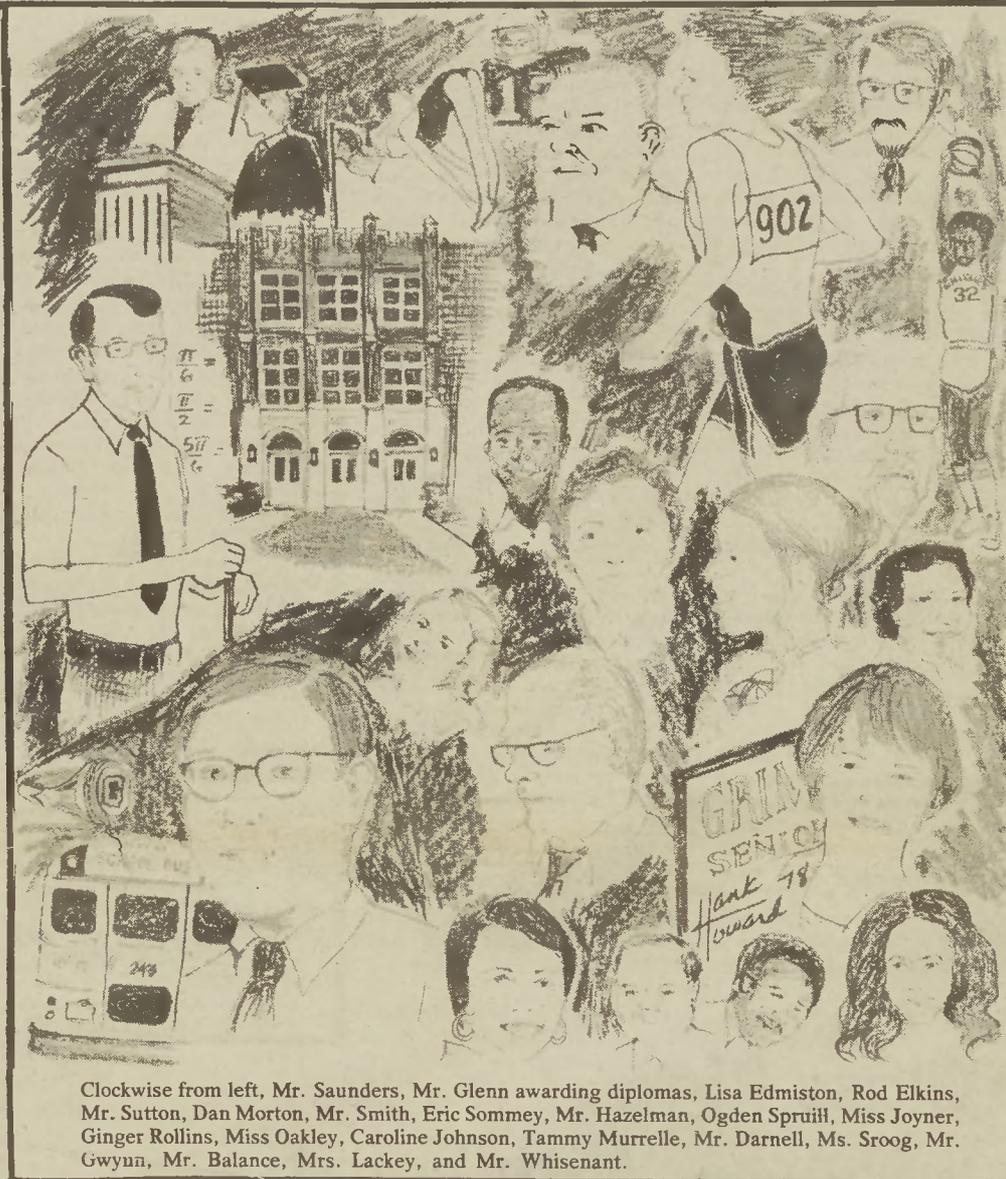

The night time favorites are dancing, amusement parks, and, of course, long walks along the beach. The Spanish Galleon is a well-known disco, where crowds of young people gather at night.

Mr. Garner will attend four years at the school and hopes to obtain a Masters in Business Administration and a Juris Doctorate. Feeling very strongly that he does not get enough pay, Mr. Garner said "I regret man teachers are not paid enough to sustain a family." By this he means the increments he has received in his salary in the last four years have not kept up with the inflation rate in the U.S.

If Mr. Garner returns to Greensboro he would like to practice law. Of much importance to him, Mr. Garner would like to say that the most enjoyable part of his teaching career has been his association with the students of Grimsley. All of the members of the High Life staff would like to wish Mr. Garner good luck and a lot of success.

PICNIC ENDS YEAR

The Whirligig Yearbook Staff and the High Life Newspaper staff held their second annual picnic on Friday, May 26, at Battleground Country Park. This picnic was the culmination of a year of hard but successful work for both staffs.

Before going out into the sunshine to play a game of softball both teams sat and listened to Lisa McDowell and Cheryl Luteman sing and play their guitars.

GHS PRODUCES SOCCER CHAMPS

This year, Grimsley has produced two spectacular soccer teams. The boys' season was played in the spring. The boys had the potential to win the state, but had a mishap in the playoffs. The girls soccer team, which just started this year went all the way to the top by winning the city

championship.

Soccer in Greensboro, is the second largest sport. Soccer is growing fast, and more and more people are starting to take interest in this sport. It requires skill, speed, and quick thinking. You don't have to be big to play this sport, any size can play.
