## GHS Library To Close Check-outs On May 22 References On May 25

Senior High Library will close circulation of books for the school year May 22, 1956. No books will be charged out after that date; however, the library will be open through May 25, 1956, for reference purposes.

The library staff is asking the co-operation of everyone in helping to get all books in by May 25.

Quite a large number of books have been lost and paid for. Many of them may still be around the school. A large box has been placed outside the library door. Everyone is asked to place any unclaimed books in this box.

Too much of the yearly library budget has to be spent on replacements. This means a cut in the number of new titles which might otherwise be added.

Any books not returned to the library by May 22, 1956, at 4 p. m. will be charged for at the rate of 25 cents per book per day.

## Members of Junior Civitans Distribute New Handbooks

GHS's Junior Civitan Club, a recently organized service club, will distribute to each member of Senior High School and to every incoming sophomore a student handbook written by the members of the club and edited by Peyton Neal, chairman of the projects committee.

This handbook, which received the award as the most outstanding Junior Civitan project in the state, was compiled by Bob Herford, Jan Hensley, and Roy Michaux. The entire project was financed by advertisements of which Bose Ravenel was in charge.

The purpose of the booklet is to acquaint incoming students—either rising sophomores or transfers with the new school. In it are sections devoted to the faculty and department heads, organizations—school sponsored, service, and social, the curriculum, awards and scholarships, athletics, a history and diagram of the school and a section on the guidance center. Also there is a part made up of general information and even next year's football schedule.

The Junior Civitans hope that their booklet will be a means whereby other students in towns all over North Carolina will become acquainted with GHS. Graduating seniors, through this booklet, will be able to show other students a pocket-size view of their school.

"Our handbook," says Peyton Neal, "is really a condensed version of the annual without its pictures or floss."
