A representative group of club officers is drawing up a constitution which will have to be ratified by the individual clubs before they will be admitted as members of the new club organization. Los Condes has also been participating for the last month in inter-club athletics on Sunday afternoons and is working with GHS's three other service clubs to form an Inter-Club Council. The purpose of the council is to co-ordinate the efforts of the service clubs.

Key Clubbers Sponsoring Projects To Boost Spirit

GHS's Key Club, in its tenth year of service to Senior High, has been engaging in a number of varied projects in the last weeks.

Two projects concerned primarily with the raising of school spirit have been part of the club's activities. The first was a bonfire, Thursday night, October 31, the night before the Whirlies were to have played High Point. A large crowd attended the bonfire for which George Bradham was the chairman.

Secondly, the club has been selling license plates with the slogan "Go Whirlies" emblazoned on them. They have set a goal of 500. Wellford Lineweaver is the chairman of this project. Proceeds go toward the Second Annual Key Club Service Scholarship.

November 7 was the culmination

date of the Key Club's biggest annual project. That day the members distributed over 1900 copies of the 132 page Student Directory, which contained the names, addresses, and telephone numbers of all students and faculty members. This was the ninth year that the Key Club has put out this valuable publication. The directory came after two months work soliciting advertising, proofreading, and setting up the book. Buddy Rives was the wheelhorse behind the directory.

Several members of the club distributed posters in shopping centers and other stores for the upcoming concerts of the North Carolina Symphony.

A parents night in conjunction with the Curry and Bessemer Key Club will provide the program for the November 20 meeting of the club.
