Junior Civitans Plan Soph Guidebook

Sophomores of Greensboro Senior High School will be better informed about the clubs, organizations, and various activities around GHS when the Junior Civitans issue their Sophomore handbooks.

Members of the Junior Civitan Club are sponsoring a campaign to increase attendance to baseball games. They feel that half a team's ability is the support of their school.

Bare Spots

If the bare spots on the GHS campus are not bare next fall, it's because Bob McNairy and his committee did a good job planting grass seed.

Students of GHS who visited Page High School were taken on a tour by the Junior Civitans who served as guides.

Watch the bulletin board in the main hall for the Junior Civitans are going to keep students posted on GHS baseball developments.

Keep Cafeteria Clean

A campaign to keep the cafeteria clean is being sponsored by the Junior Civitans for the remaining part of this school year. They have put up posters around school and have placed cards on the tables in the cafeteria to remind the students of their personal obligations. The members of this club don't think they can keep the cafeteria clean by themselves. They want the help of the student body.

Elections Major Event On Agenda For Spring

Major events on this year's agenda of spring election events have been announced by Senior Class president, Roy Michaux.

Application Deadline

Deadline for application to office will be Wednesday, April 2. Forms may be obtained from any council member or from Mrs. Margaret Garrett, adviser. Candidates and their boosters will meet after school the following day, April 3, in the auditorium. The purpose of this meeting is to organize the presentation program. (As in the past only those persons vying for student body positions or president of the senior or junior classes will be allowed to have boosters.)

Presentation of Candidates

Presentation of candidates will take place after the Easter holidays, April 8. April 10 is the day for home room primaries. Convention delegates, two from each home room, will meet April 11, while the convention will be April 14. Registration date is April 15, and final voting is set for April 16.

Roy comments, "We can't have a convention this year unless at least three persons file candidacy for the major positions. A convention always adds spice to any election plans, so we want to urge as many people as possible to think about running. Our biggest aim this year, however, is get-

ting everybody, seniors, juniors, and sophomores, to register and vote. Remember these people will be your officers; come out and select those whom you believe to be best suited for the job."
