

Phoenix People's Voices:

Bennie McBride

We've been blessed to be associated with a winning program (W.S.S.U.). The local economy has prospered because of attendance. I hope the homecoming spirit continues.

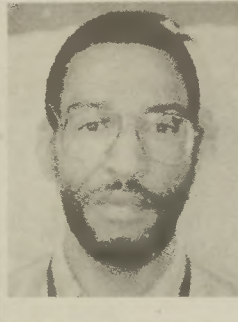

Jerry Riley

People I attended school with are still coming back to homecoming. The football team and the band are still the pride of the CIAA. Proposition 48 hurt black colleges in subtle, but noticeable ways.

Clara Corry

In recent years homecoming has generated more alumni back to the campus due to an increased awareness of where our black students are fitting into the educational arena.

James Funches

The showing-off of dresswear is more low-key. Participation has really increased. Frequent changes in band director has impeded the on-going success of the band(W.S.S.U.).

Hobart Jones

I don't think the activities are geared towards the community. The students fail to realize that when they have a good homecoming it makes people want to be more generous in terms of finances.

Linda C. Boyd

It has toned down quite a bit and the attendance is down drastically. Something needs to be done to bring the people back.
