Letters To The Editor

Dear Editor:

What has happened to your articles? I enjoy reading them every month, but for the past two months you have not had an article in the paper. Please advise your readers what is going on.

Tywanda Hill
 Greensboro

Dear Editor:

I'm glad to see that you have started a section on Health in your paper. As a parent I did not realize that aspirin could possibly trigger illnesses in children with the flu or chicken pox. In fact I was not even aware of the symptoms of 'Reye's Syndrome'.

Thanks!
 Joyce Hicks

Dear Ms. Hill:

I am elated that you enjoy my articles so much. From this point forward, I can assure you that I will have a special article for my readers every month. Thank you for your letter and most of all thank you for reading the *Phoenix*.

Sincerely,
Ladya

To the Editor:

Who wrote the article "Santa Claus Complex" in the December Edition of your paper? I enjoyed this article and it was definitely on target. I do believe that "from whence we came, we can return."

David Williams
 High Point, NC

To the Editor:

I want to clear up something that was printed in your December edition. Mr. Joe Dudley did receive a high school diploma. He also has education past twelfth grade. Other than that the article on the Dudleys was good.

-Ms. E R Jones
 Kernersville, NC

Dear David:

The article "Santa Claus Complex" was rewritten by our publisher/editor to appear in the December edition of the *Phoenix*. This article is reprinted every year as a reminder that we can return to a world of slavery as it existed sixty years ago.

Death In Memphis

It was the evening of April 4, 1968.

Dr. King and other black leaders were staying at the black-owned Lorraine Motel in Memphis. He stepped out to the balcony for a breath of fresh air. A shot came from a nearby building. It hit the right side of his neck, killing him. The whole country went into shock. The death of Dr. King brought back the horror of the day when John F. Kennedy was assassinated. Now a second great leader was dead. The whole world mourned Dr. Martin Luther King, Jr. Thousands of meetings and marches were held to honor his memory. Tens of thousands of people came to Atlanta, where his funeral was held. The man who had kept open a bridge between the races was dead.

Aquarius (Jan.21 - Feb.19)- Stay on top of everything. Intellectually, you are sharp as a whip this month and whoever comes to you had better come right. Affirmation for the month: I walk and speak softly yet firm.

Pisces (Feb.20 - Mar.20)- The energy you generate has a lasting effect. Simplicity is key for the month--straight to the point. Affirmation of the month: I can see with both my eyes as well as my third.

Aries (Mar.21- Apr. 20)- The Ram has a never-ending list of "things to do." Start on one and then another as this is the beginning of the year. Affirmation for the month: I have all my needs and wants met.

Taurus (Apr.21- May 21)- A positive change will be your catalyst. It is imperative you get out of any ruts you may find yourself in. Affirmation for the month: I dip into life with a bucket not a thimble.

Gemini (May 22- June 21)- Slowing down and reflecting is a suggested concentration for the Twin. Remember there are times you do actually think like two, and use up energy like two. Affirmation for the month: I am calm.

Cancer (June 22- July 23)- Whoever called you a quiet storm was quite right. You're blessed with an easygoing side and the opposite equally. Know this and use it to your advantage. Affirmation for the month: I am a remarkable human being.

Leo (July 24 - Aug 23)- "Doing your own thing" is a phrase probably first stated by a Lion/Lioness. Use your courage to step out there on your own this month. Affirmation for the month: I let go of all past limitations.

Virgo (August 24- Sept.23)- Speak! Don't assume others know your heart and mind. Of course if you do, it's quite possible to make an ass out of you and me (or whoever). Affirmation for the month: I am that I am.

Libra (Sept.24 - Oct.23)- Your reality emerges with clarity and startles you less and less each time. Affirmation for the month: I know and feel my direction.

Sagittarius (Nov.23 - Dec.21)- The course you've set for yourself has been very productive. Time to move on to the next phase. Affirmation for month: I keep my spirits high.

Capricorn (Dec. 22- Jan.20)- Get ready for one of the best years yet, Cap! Practice openness where you were once reserved, laughter where seriousness used to be, etc...Lesson learned in your past will caution you when necessary. Spirituality and high consciousness will keep you grounded. Affirmation for the month: I am safe.
