

GOD'S TIMING: President Clinton and Sex by Rodney Sumler - continued from page 14

any storm, trial and tribulation. My faith, my hope, my trust in God brought me out. I praised God in the middle of my adversities. And I want you to know that if a special prosecutor uses the tactics being used against President Clinton, you must know that it's been done to many innocent Americans. It was done to former Secretary of Commerce Ron Brown, his son Michael Brown, New York Congressman Floyd Flake, former Federal Judge Alcee Hastings, Tennessee Congressman Harold Ford, the names are too numerous to name here. Many of these black leaders had your moral and financial support. But Rodney Sumler wasn't the right kind of black man for Winston-Salem black leaders to defend in the court of public opinion. Speaking truth to power can be dangerous to your liberty. Most black folks don't get a fair shake in America's Criminal Justice System. It plays cruel games with people's lives. Mean-spirited politicians use desperate measures and an evil-prone press to keep our people slaves and prisoners to fear.

It is now time to compel the United States Justice Department, U.S. attorneys and the FBI to lean house. The public should require that FBI operations and investigations be above reproach. Instead, over the past several years, the FBI has been found guilty of a series of confidence-shaking scandals. There is a move to change the name of the J. Edgar Hoover building in Washington, D.C. Hoover was a sleazy FBI director. He was author and father of guile and sleaze. It's time for Congress and the President to demand the removal of the last vestiges of the closed-ranks, good-old boy network at the FBI. If the FBI can't be trusted to seek truth and accept the truth, can any government agency be trusted?

The Rev. Dr. Martin Luther King Jr. once wrote from a jail in Birmingham, "Injustice anywhere is a threat to justice everywhere." You must fight injustice no matter who the victim is or injustice will visit you. What is happening to President Clinton brings to my recollection what got Malcolm X in trouble when he said, "The chickens have come home to roost." It's GOD's time!

**Remember
your first
real history
lesson?**

When Grandma used to sit you down and talk about her life she wasn't just telling tales. She was following a long line of Black historians who passed their precious knowledge from generation to generation using the most expressive instrument created. The human voice.

This knowledge is power. Because when you know where you come from you know who you are. Our grandparents knew this. So did W.E.B. Dubois, Sojourner Truth, Carter G. Woodson and Martin Luther King.

They also knew how important it was that this knowledge continue to be handed down. We all have a responsibility to preserve and protect this history in order to positively affect the quality of our future.
