

Journey to Academic and Moral Excellence

The Seventh-day Adventist Church in North America operates a system of elementary and secondary education that began in 1872. The Seventh-day Adventist church operates the second largest parochial school system in the world.

Ephesus Junior Academy has been in continuous operation since 1957. Our education program is predicated on the belief that each student is unique and of inestimable value, and on the importance of the development of the whole person. Students are provided an opportunity to accept Christ as their Savior.

Ephesus Junior Academy also offers the following:

- A diverse student population
- Small teacher to student ratio
- Science and computer labs
- A healthy hot breakfast and lunch program
- Before and after school care
- Band Instruction

The students of Ephesus Junior Academy's reading scores are consistently higher on the ITBS tests than the national norm!!
