

TAIslim

For a Totally New You

Lose Weight, Feel Great!

1. Fights Abdominal Fat: TAIslim contains FreeLife's exclusive GoChi[®], clinically shown to decrease the body's production of stress hormones that cause you to accumulate unhealthy belly fat.¹ Other ingredients act on digestive tract enzymes to help reduce the amount of calories absorbed from starchy or fatty foods.¹

2. Enhances Metabolism: Clinical results on TAIslim (including its proprietary fat-burning complex) have demonstrated a dramatic and significant increase in the body's calorie burning potential, compared to placebo, giving you the energy to maximize your workout performance.¹

3. Helps Control Appetite: TAIslim's proprietary appetite-controlling complex supports a positive mood, suppressing appetite and between-meal cravings, to help you to cut unwanted calories.¹

4. Cleanses and Replenishes: TAIslim's advanced proprietary NuFlora[™] prebiotic dextrin fiber provides gentle cleansing and detoxifying action to promote regularity and healthy microflora, while slowing the absorption of food to improve metabolism.¹
