Daltons Give Scholarship To College

The fact that two scholarships totaling \$10,500 have been established here at Queens by Charles F. Dalton and Mr. and Mrs. Parks H. Dalton in honor of the late Mrs. Charles H. Dalton and the late Miss Susan Nye Hutchinson was recently announced by Dr. Blakely. These scholarships are to be known as the Selene Hutchinson Dalton and Susan Nye Hutchinson scholarships. The donors stated that they preferred that the beneficiaries come from Mecklenburg County, but that they would leave the final choice to the college authorities.

These two gifts bring the total number of scholarships to six since 1942, when it was announced that a goal of one hundred \$5,000 scholarships by 1957 be set. Three of these were given by Captain James Parks Grey in honor of Jane Parks Grey, Lula Jane Grey, and Jane Rea Gray. The fourth was established by William D. Robinson in honor of Abbie Tuttle Robinson.

Mrs. Dalton attended Queens when it was Charlotte Seminary for Girls; and Miss Hutchinson, attended it when it was Presbyterian College for Women. Both ladies were active members of Second Presbyterian Church.

SAFER FLYING

Army Air Force fields now have instrument landing systems at strategic airports along their 100,000 miles of military airways which make it possible to bring planes down through low ceiling conditions to within 50 feet above the center of an airport runway.

S. C. A. Project Needs Your Assistance

Would you like to help a poor, helpless negro child? You can. Furthermore, it will not tax you greatly to do so.

A new negro nursery has been started here in Charlotte at the Mount Maria Baptist Church and is in dire need of supplies. S. C. A. here at Queens has asked Mrs. Williams, who is head of the nursery, if the students cannot help her in her efforts. Emphatically she says we can by contributing any or all of the following articles: dishes, glassware, towels, wash clothes, blankets, sheets, tooth paste, tooth brushes, soap, chairs, tables, blackboard or small slate, rugs, cooking utensils, silverware, sleeping garments or any children's clothes, toys, dishtowels, toilet tissue, paper napkins and towels, and kleenex(*)

S. C. A. is positive that every Queens girl has it in her power to find one or more of these articles, either by writing home for them or by actually getting them herself at home. An appeal is made especially to the day students who will probably find these supplies more easily obtained than the boarding students. Bring these things to school soon and place them in the large cardboard box in The Hut.

The nursery will not be able to open and run effectively if these commodities are not supplied soon. Can you find it in your attic or basement and gather cast-off things your young brothers and sister have used? We hope so.

Samuel Inman Speaks Tonight

Samuel Guy Inman is going to speak tonight in the Queens auditorium at 8:00. Samuel Inman is the advisor to the State Department on Latin American affairs and a member of the United States delegation to the Mexico City conference of the American Republics. Immediately at the end of this conference, which has just been concluded, he took a plane to North Carolina where he is giving a series of addresses in 21 colleges

and universities during the two-week period from March 8 to March 22. These addresses are being sponsored by the Southern Council as a part of its program of public information which was inaugurated in North Carolina last fall. This state will be the first in the country to get from a State Department official a first hand analysis of the results of the Mexico City conference. So let's all take advantage of this wonderful opportunity!
