WANTED.

A pious and educated widow, who is now, or has been a mother. She will be required to teach and give proper attention to small children. Those who use tobacco, opium or intoxicating liquors, and opium or intoxicating liquors, and those addicted to gossip, vulgar thoughts, or angry words, are requested not to apply. "Pious," means, meek and lowly, and filled with an earnest longing to be good and to do good. "Educated" means competent to guide the studies of the young, and to inpire them with an enthusiastic desire to grow wiser and better. desire to grow wiser and better Salary \$25 a month and board. Address Orphan Asylum, Oxford, N. C.

SPECIAL MENTION.

Superintendent Mills was busily engaged yesterday examin-ing the several Forms at the

Fifty-six and a half bushels of wheat was produced at the Or-phan Asylum this year. Pretty good for a poor hill,

The Grand Lodge of Good Templars of North Caralina'will be held at Sunsbury, Gates county, commencing Tuesday evening, August 4th.

Rev. C. T. Bailey, of the Biblical Recorder, has been bereft by death of an infant son. We te der sympathy to our afflicted brother

We are glad to see that the contributions are on the increase. Yet they are not what they have been. We can assure our friends that every dollar is needed, and that it will be judiciously expen-

The streets of Raleigh are being posted and the houses numbered. When this is done, our capital city will enjoy the benefit of the post-office delivery system

We are indebted to Grand Secretary, Donald W. Bain, for a copy of the proceedings of the Thirty-fifth Annual Convocation of the Most Excellent Royal Arch Chapter of North Carolina,

North Carolina in this issue. The authorities of this venerable institution are laboring to place it alongside the best in the land. Parents and guardians are invited

Treasurer Polk has been convicted and sentenced to twenty years in the Penitentiary. What a fall! From State House to prison cell. Yet the same tempprison cell. Yet the same temp-tations which lured him from his honored state are daily held out to others.

Messrs. Edwards & Rogers an nounce this week that they are prepared to furnish tobacco flues and flue iron on the very best terms. The large store rooms of this firm, furnishing ample facilities for handling such goods, with plenty of capital, is a suffi-cient guarantee that it will be to the interest of farmers to call on them

We have recently taken a trip through Granville, Person and Caswell counties. The crops of Caswell are almost a failure. Those of Person are but little better. The best crops we saw in a travel of some two hundred miles, are those near Oxford, which are lar below an average

It is rumored that Rev. T. J Horner will turn over his interest in the Horner School, at Henderson, to his son, Mr. W. D. Horner, in order that he may devote his whole time to the ministry. Should this be true the people of his Church are to be congratulated. He is a devout man. Mr. W. D. Horner is fully competent to sustain the repu tation of the school.

Cigars, Chewing Tobacco, Smoking Tobacco &c. Williams & Furman's.

James Carey, the informer in the Phœnix murder case, was assassinated on the 29th of July, by one O'Donnell. The assassin is in Jail. The government had taken special and expensive measures to protect Carey.

The foundation for Edwards & Rogers new brick store is being laid. By-the-by—Oxford seems to have taken new strides of propress. A tobacco factory has been opened. Several large brick prize houses are in course of erection, and our tobacco men and merchants generally are making arrangements for a per manent and growing trade.

The residence of Mr. W. H. Elam, near Clifton, Mecklenburg county, Va., was totally destroyed by fire last Saturday morning. It is supposed to have caught from sparks falling on the roof. The building was a very valuable one, and Mr. E. has many friends in this State who will deeply sympathize with him in his heavy loss. Insurance, three thousand dollars.

The wires tell us that a con-trolling interest in the Richmond and Danville Railroad system has been purchased by the syn dicate that is behind the East Tennessee, Virgsuia & Georgia Railroad, which is said to be the most powerful organization that has ever taken hold of Southern Roads. How the sale will affect North Carolina, remaids to be seen. The company now controls about 4,000 miles of road the net earnings of which are from ten to twelve militions a year.

The resident ministers of Oxford, who have charge of country churches, are now conducting special revival services. Rev. J. T. Gibbs is this week at

We call attention to the ad-ertisement of the University of gum, of Chapel Hill. Rev. R.H. was the first president, and since Marsh is at Poplar Creek. Rev. R.I.
Marsh is at Poplar Creek. Rev.
R. I. Devin, at Corinth. Rev.
J. A Stradley, at Knap of
Reeds The editor is conducting a meeting at Salem. Rev. J. W. Primrose last week had a very profitable meeting at Geneva. We trust that the cause of Christ will be greatly advanced by these special services.

We are very careful to mail the FRIEND to all its subscribers properly. Complaints reach us that some fail to receive it. We do not blame you to complain if you fail to get the paper. If you will state to us on a postal card that you do nor receive it, we will try to correct the irregularity. If our books are wrong we ty. If our books are wrong we will make them right, and if we find that the fault is with mails, we will strive to call attention to it, in such way as to secure amendment. Let all our sub-scribers feel assured that we shall do our utmost to send the paper to them properly.

The Louisiana State Lotery has attempted to dodge the de-cision of the post-office depart-ment by having its registered mail and money orders addressed to the New Orleans National Bank. The post office has acted wisely in refusing the concern the benefit of postal facilities. Would it not be well for our Would it not be well for our State papers to stop advertising for this and all other loteries? By thus giving publicity to their drawnings they encourage a species of gambling that all good etizens should discountenance.

Do tobacco chewers who spit their abominable nauseous spittle all over chapel and church floors, know what refined and cultivated people think of them? Bahl Young man, if you must chew, go and hide yourself in a hollow-log and chew as much as you please. It is not a habit to parade before the public.—Our Monthly.

It saams to us that a proper

It seems to us that a proper respect for the house of God would refrain every one from using tobacco in a church. A gentleman would not think of spitting upon the floor of a friend's parlor. Is not the tabernacle of partor. Is not the tabernacie of the Lord more sacred. We read that the Jews spit upon Chirt. If we spit upon and make filthy a house dedicated to His service, are we not also guilty of a grave sin? How disrespectful some people are to their Master!

Large assortment of turnip Seed, Call early. Williams & Furman.

In our advertising column In our advertising columns this week appears an announcement of Central Institute, located at Littleton, N. C. This is a new educational enterprise. It is favorably located and well equipped. The Principal, Rev. J. M. Rhodes, we believe to be well qualified to conduct such an institution, and well adapted to institution, and well adapted to the work. It is a pleasure to see institutions of this grade springing up in the State, and to see such men devoting themselves to the important work of educa-tion. The recent District Conference at Plank Chapel, passed the following resolution with

Resolved, That we are gratified at the visit of Rev. J. M. Rhodes, Principal of Central Institute, Littleton, N. C., to this District Conference, and we commend his school to the favorable consideration and the patronage of our own people.

For further particulars see ad.

Rev. D. A. Long, President of the Graham Normal College, in this State, has accepted a call to Presidency of Antioch College, Ohio. The News and Observer has examined a catalogue of Antioch and finds that the faculty and endowment are both larger than We understand that lat any college in this State. The

was the first president, and since his day Antioch has often been called the"Harvard of the West.' It is the first c llege of high grade ever known to admit both sexes with equal privileges and in dis tinct departments. Since that time over a hundred colleges have followed the example While we rejoice in the success of President Long, and are truly glad to see that his talents are thus appreciated. We regret to see him leave our State. North Carolina needs hundreds of just such men as Mr. Long.

EDUCATIONAL.

YADKIN COLLEGE.-We have as yet had no written report from the late meeting of the Board of Trustees. It seems important to have a clear and definite anounce ment of the Faculty, etc. We have simply learned of the election of Rev. R. H. Wilis as Chairman of the Faculty, and Prof. A. Baker as a member of the Faculty.

Rev. Dr. T. E. Peck was elected last week by the Board of Trustees to the position of Professor of Theology in Union Theological Seminary, to fill the vacancy oc-casioned by the resignation of Dr. Dabney

Miss Mary S. Conwell, a grand daughter of the late Bishop Soule won the prize for the best essay from the literary class of the Vanderbilt University, against a class of one hundred and twenty-one

Rev. J. B. Boone has resigned the pastorate of the Baptist Church of Salisbury and accepted the presidency of Judson College at Hendersonvile.

When people turn from a course of conduct to its opposite, they are said to repe the former. So, when a wicked man, regrets the wickwicked man, regrets the wick-ed past, turns away from it and dedicates the future to God, he repents. Tears, mourning, convulsive strug-gles, all outward signs of grief and sadness, are non-es-ceptial. The only exception sential. The only question is, does the man's life actually change? does he "bring forth fruits meet for repentance?"
This point settled, he has at least obeyed one of the Di-vine commands, and is so far a reighteous man and acceptable to God.

CENTRAL INSTITUTE FOR YOUNG LADIES,

LITTLETON, N.

REV. J. M. RHODES, A.M., Principal.

This school is located in Warren country about 25 miles north of Weldon, immediately on the Raleigh & Gaston Rallroad, in a healthful section, free from malaria and just above the malaria region. Our building is new and very comfortable. The campus is large and well shaded. The rooms are all furnished with new and first class furniture including hair mattresses for salt he beds on the second floor and Union Wire-woven Spring mattresses for early bed in the house. The school-rooms and dormitories are under one roof. We offer superior advantages in the Musical departments. Instruction thorough in all departments. Water from Panacea Springs furnished boarding pupils when desired for a very small extra charge. Just enough to cover expenses of bringing. The Fall Term will begin Monday, September 10th 1883 Send for Catalogue.

BUFFALO LITHIA WATER DISSOLVES STONE IN THE BLADDER. BUFFALO LITHIA WATER RELIEVES THE BEDRIDDEN FROM RHEUMATIC GOUT.

BUFFALO LITHIA WATER

For Affections Peculiar to Women and for the Stomach.

Mone in the Bladder (Uric Acid) "Bestroyed by the action of the Water, by means of Solution or Disintegration."

Case of Dr. B. J. Weistling, Middleton, Pa., stated by himself:
"Experience in its use in Stone of the Bladder in my own person enables me to attest the wonderful efficiency of the Buffalo Lithis Water in this painful malady. After having been long subjected to sufferings, the intensity of which cannot be described, I have, under the influence of this water, passed (I am confident that I am within the bounds of reason) at least a name of Calculi (Uric Acid) some of which weighed as much as four grains; affording inexpressibilities and leaving me in a condition of comparative case and comfort. I am now passing only occasionally small Calculi, and they are and comfort at am now passing only occasionally small Calculi, and they are not attended by the intense suffering which their passage has hitherto occasioned. "On one occasion I passed thirty-five Calculi in forty-eight hours. The appearance of this Calculus Nuclei indicates unmistakably, I think, that they were all component particles of one large Calculus, destroyed by the action of the water, by means of solution and disintegration. At my dead in my feeble general learning the seventy-seven years and six months of age) and in the feeble general health, a surgical operation was not to be thought of, and in the water seems to have accomplished all that such an operation, if successful, could have done. Besides greatly increasing the quantity of the Urine, this water exerts a decided intunence on its chemical constitution, rendering it rapidly neutral, if previously acid, and afterwards alkaline from being high-colored, it becomes pale, and having deposited coplously it becomes limpid and transparent."

CROControl of the Urine, this water exerts a decided naving deposited coplously it becomes limpid and transparent."

CROControl of the Urine, this water exerts a decided naving deposited coplously it becomes limpid to the Urine, this water exe

acid, and atterwards alkaline from being high-colored, it becomes pale, and having deposited coplously it becomes limpid and transparent."

Case of Dr. J. A. Hanby, of Patrick C, H., Va., stated by himself:

"For four years I was afflicted with Rheumatic Gout to an extent which incapacitated me entirely for the discharge of the duties of my profession, and was funally reduced to such a condition as to subject me for the most part to configure to the construction of the duties of my profession, and was funally reduced to such a condition as to subject me for the most part to configure to my bed. By the advise of one of my medical attendants, and explanationly as a dernier resort, I thetermined to make use of the Buffalo Libbia William of the discharge of the mineral waters. The use, however, of a few cases of the water of the discharge of the mineral waters. The use, however, of a few cases of the water of the discharge of the mineral waters. The use, however, of a few cases of the water of the discharge of the most and the season and the control of the discharge of the season of the discharge of the most advised of the process of the standard of the most advised of the most and the exposure and hardship incident to the life of a mountain country. I cannot, in candor, do otherwise than ascribe my recovery solely to this water, the value of which I regard as beyond estimation."

Member Medical Society of Virginia:

"I was consulted as to the use of the Buffalo Libia Water in the case of Miss—, stated by Dr. Was. B. Towles, University of Virginia, Member Medical Society of Virginia;

"I was consulted as to the use of the Buffalo Libia Water in the case of Miss—, stated by Dr. Was. B. Towles, University of Virginia, She was suffering from a distressing form of Dyspepsia, of some two years' duration, pale, greatly emaciated and weighing only sixty-seven pounds. There was want of appetite, aid erucations, search particle of diet, anusca (the food often rejected by voniting), consumption, ex reme langor, Hypochondrias

These Springs are Now Open for Guests.
