"VICTORY"

VICTORY---In war-- Soldiers, Sailors, Marines--they are the answer to our ultimate victory. "The writing is on the wall". The armed forces, the production facilities and resources of the United Nations will devise a solution to the problem. When? The day, month, and year is not yet known. Whenever the time, it will be far too soon for the axis time table. Where? Germany, Japan, and Italy will regretfully know. How? Military Secret. Why? Right over wrong.

VICTORY---On the home front--- Production of ammunitions, planes, battle-ships, and other war supplies soar to new heights. The present crisis bring American ingenuity into action on an incredibly high scale never known before. From 15th, American Citizens are willingly paying their heavy tax burden. During the month of March, Americans will meet the quota of \$125,000,000 in contributions to Red Cross. We are adjusting our mode of living to the rationing program. Our efforts at home are diverted more completely and totally toward victory each day.

VICTORY---In strength of spirit--- Boys in Guadalcanal say, "There are no atheists in foxholes". Do you not experience a greater faith in God and your fellowman? General MacArthur said that divine guidance enabled the U. S. forces to destroy the great Japanese Convoy of twenty-two ships recently. Once required, this strength of spirit is permanent.

VICTORY---In peace--- This must be the culminating and everlasting victory. This victory must banish rule by the sword once and forever. The cause for which we fight and sacrifice is the cause of all men everywhere. Let us hope that the outcome will define the rights of men wherever they may be in accordance to their way of life and government.

The "Caromount News for Service Men and Women" is published and edited by R. Willen Ward and Mrs. Rommie Daniels (the former Miss Virginia Gardner) of the Personnel Department. The following employees have contributed to this third issue of the "Caromount News for Service Men and Women".

Durward Adams
Walter Greenman
Miss Margaret Hatcher
Bill Lawson

O. B. Solomon
Jimmie Speight
Miss Iris Stancil
Randolph Sutton
R. W. Tippet

are getting a greater portion of our news from the scores of letters received from the men in the service. Please continue writing letters to any of
