

Roscoe J. Harrell Due to strict censorship S1/C Harrell could only tell us where he was not. This statement clearly tells us his whereabouts. I am moving from the place I am now but my address will be the same. I can't say where I am or where I am going". We appreciate your loyalty to the Naval Censors. He was at least able to tell us that he was in aviation somewhere in the Pacific and quite a long way from the United States. We are wishing you well, Roscoe.

Ralph Morris In addition to your visit to the mill in June, we were glad to receive a letter from you, Ralph during the latter part of May. In this letter Pvt. Morris stated that he had gained twenty pounds since he had been in the Army. He thinks Texas is a very pretty state.

James Sidney Walker Word received from Pic. Walker in Hawaii. He says that he is receiving our News Sheet regularly. We are glad to hear that he is getting along nicely. He is very anxious to hear from other Garomount employees at home and in the service. We did not receive the picture which you stated you had included.

John W. Collins Pvt. Collins is now in the Tank Destroyer Replacement Center at Camp Hood, Texas. He is evidently staying quite busy for he has had an opportunity to "Go to town" only two times since being there. Herc's opinion is that after being kept busy during your basic training of thirteen weeks, you will find more time to write to us.

Walter E. Landen 2nd Lt. Landen is now at the Army Air Base, Venice, Florida. He commends the WACCS for the grand job they are doing. We hope you will have an opportunity to visit us on your furlough. The picture you sent of yourself was certainly appreciated.

Flavius K. Simmons AFC. Simmons is now with the Army Air Force at Embury-Middle Field, Union City, Tenn. He says that the new field is complete in every detail and that they have all new planes. Flavius seemed quite interested in his flying. We feel confident that he will make a good pilot. He stated there were quite a number of Rocky Mount boys at the same camp. Probably you will be Lt. Simmons soon.

George H. Pridgen Cpl. Pridges writes from North Africa saying that he has been to a lot of places----had plenty of hard work to do---getting along "just fine!" We are indeed glad to hear from the fellows overseas and are glad to know that you are receiving our News Sheet. We hope you will be home soon.

William Ezzelle Pvt. Billy Ezzelle is now at North Camp Hood, Texas. (We wonder if you have seen John W. Collins who is at this same camp.) We are including the same address for him. Billy was just preparing to go on a twenty mile hike with the temperature 130 degrees. Its a great life eh Soldier? We appreciate your letter and hope to hear from you again soon.

Wm. E. Bone Pic. Bone has recently been transferred to Auburn, Ala. where he hopes to take an Engineering Course at the Ala. Polytechnic Institute. Accidentally, he states "Ala. is a very friendly town. The Co-eds started coming in today. There are some very beautiful blonds too". Thanks for the picture, Dan.

William Earl Wallace Pvt. Wallace is now at Camp Stewart, Georgia. His letter says, "It will not be long before the war will be over for I am learning to be
