

-VALEDICTORIAN-

(Continued from Page One) and the minister tries to understand the ideals of the members so that he will know how to plan his program. This is one of the ways that the church shows its members how to progress spiritually with success.

Doctors and patients must first understand each other before any type of diagnosis is reached. Is there a doctor who can really determine any disease without knowing the patients and understand their conditions? The patients who are not able to contribute to the understanding of the diseases are the ones who find it difficult to become well again. One-fourth of the cure of a patient is the understanding between doctor and patient.

These are the most outstanding examples where understanding is important. Through these few examples, however, we are able to see that if we are to be able to develop personality and friendliness, if we are to be able to succeed in our endeavors, we must strive to understand.

FAYE ATWATER

-FHA-

(Continued from Page One) the needy children at Christmas time.

Approximately fifteen families benefited from this project. One house was remodeled, Douglas Clark, was chairman. There was a Camp Fund Drive, Luther Atwater was chairman; we sent letters to individuals, proceeds went toward building a N. F. A. Camp at Hammocks Beach, about 27 miles from Jacksonville, North Carolina.

During the year the Chapter also toured the Farmers Exchange Factory, on April 3, 1955, which is located in Durham, North

Carolina. This trip was arranged by Hilliard Caldwell. The Chapter was also represented at the Cotton-Merrick Federation Contest in March at Henderson, North Carolina.

The following boys participated, Richard Fikes, George McNair, Alfred Foushee, Arnold Harris, William McHcaully, and William Nunn.

William Nunn and Nathaniel Farrington will be delegates at the Annual State N. F. A. Convention at Greensboro, N. C.

Senior Class Song

Tune: "Danny Boy"
By MARTHA NORWOOD

I

Praise be to you dear Lincoln High, our school so true,
The time has come for us to bid adieu,

To you a school of pride, faith, and loyalty.

Forever in our memories you'll be.

II

Our high school days here have been filled with much delight,

Some days seemed dark, but you have made them bright,

No matter where our walks and ways in life may lead,

We'll do our best and try to always succeed.

III

Dear principal, teachers and friends, we praise you too.

For all your care, that has helped bring us through,

And as we journey on our different walks and ways

Your guiding words will brighten all our days.

IV

Our high school days here have been filled with much delight,

Some days seemed dark, but you have made them bright,

Where ever we go and whatever we may do,

Dear Lincoln High, we will always love you.

SCHOOL DAYS

By MARY MASON

Our school days are about to end,

And summer is just around the bend;

Classmates have become lazy,
And some even half crazy.

Subjects have been tough,
And the studying a little rough;
Then came the exams. One must pass,

It's done! You've passed at long last.

The socials were swell,
And the games as well;
All will be reminders of the School rules and ways,
All will be memories of The good old school days.

JUNIOR-SENIOR PROM

By IDA BATTLE

The eve of April 29, 1955 will linger long in the minds of Juniors and Seniors because of the fabulous Junior-Senior prom of '55. They traveled thousands of miles across the ocean to Hawaii by way of Mr. McCollum's exciting and colorful scenery. The dancers swayed to the music of Carver High School Band.
