## FAREWELL FROM

Dear Senior Class of 1962, we the members of the junior class wish to congratulate you on your success throughout the years of the most happiest days of your childhood. You will be missed not only by the juniors but by all of your fellow school mates, principal, and teachers especially those who have helped you so dearly. We hope you will realize that this is the last time you will be united as a class.

When we, the junior class, entered Lincoln High School, we were an excited, frightened, and immature group. You came to us with helping hands and warm smiles that filled our hearts with inspiration that made us belong to you.

The past four years have been filled with delight and wonderful patterns of living from guidance of the Senior Class.

It's these things, for which we are grateful, thank you for the time has passed, adieu, we'll always remember you seniors, and wish you all the success along the way.
